CME Accreditation

The ICS Annual Meeting and associated Workshops will be submitted for Continuing Medical Education (CME) within the EU-ACME programme by the European Board of Urology. An application for CME accreditation will be made once the Educational and Scientific Programmes are finalised. Further details will be available on the meeting web site: www.ics.org/2015

Workshop Proposals

The first two days of the annual meeting will be dedicated to an Educational Programme of workshops. This programme is chosen from workshop proposals submitted to the ICS office. If you are interested in proposing a workshop for the ICS 2015 Annual Meeting please visit www.ics.org. The deadline for submission of workshop proposals is 1 December, 2014.

Language

The official language of the Meeting is English.

The logo for the ICS 2015 Montreal meeting. It features a stylized blue and white graphic on the left that resembles a hot air balloon or a flower. To the right of the graphic, the text "ICS" is written in a large, bold, blue sans-serif font. Below "ICS", the year "2015" is written in a slightly smaller, bold, blue sans-serif font. At the bottom, the word "Montreal" is written in a large, blue, serif font.

Abstract Submission Open: 1 March – 1 April, 2015

**International
Continence Society**
45th Annual Meeting
5th - 9th October 2015

Dear Friends and Colleagues,

The 45th Annual Meeting of the International Conference Society will be held in Montreal, Canada, 5-9th October 2015, 10 years after the last ICS Annual Meeting in the city. Renowned speakers from across the globe will travel here to one of Canada's major cities to share their latest research results and discoveries on issues faced in daily practice. This international event will bring together physicians, physiotherapists, nurses, physiologists, scientists and other professionals, who all have an interest in issues affecting all sectors related to continence, pelvic floor, and urinary tract functions.

The meeting will be held in the centrally located Palais des Congrès de Montréal, which is only 30 minutes from the international airport with many hotels close by.

Fall is wonderful in Montreal, the crisp air and the autumn foliage makes it one of the best times of the year to visit. The city itself is a lively multicultural centre with "Old Montreal" and the newer "Downtown" areas that blend together history and culture with vibrant urban living, which gives the city its charming personality and friendly atmosphere. Old Montreal showcases the history of the city; old cobblestone streets with restaurants, cafés and boutiques found beside magnificent heritage sites and stunning architecture. Alongside this, Downtown buzzes with soaring skyscrapers, high-end boutiques, bars, and world-class cultural institutions.

We look forward to seeing you at ICS 2015, Montreal.

About Montreal

Montreal is a beautiful city renowned for its international flavour and inspiring diversity. Located on an island in the St. Lawrence River, it is home to approximately 1.6 million residents and the largest bilingual workforce in Canada. It is the largest French-speaking city outside France and a perfect blend of European energy and North American efficiency. One of the world's top convention cities, there's something for everyone here. You'll find a friendly population, world-famous gastronomy, and an atmosphere of celebration!

Accessibility

Ranked top convention city in North America, Montreal is definitely worth visiting.

An international destination of choice, Montreal is easily accessed by land, water and air. Downtown is a mere 20 minutes from the **Pierre-Elliott Trudeau International Airport**, which handles some 600 flights daily. Public transit is not only affordable, it's also a great way to get around the city. Quick, safe and clean, the metro connects downtown to major tourism attractions, as well as to numerous bus stops and train stations.
