

ICS 2026 MAASTRICHT

Scientific Programme

International Continence Society 56th Annual Meeting

6 - 9 October 2026. MECC Maastricht, The Netherlands

www.ics.org/2026

Tuesday 6 October

W1 FREE: BASIC URODYNAMICS - AN INTERACTIVE WORKSHOP

09:00 - 12:00, PARALLEL HALL 3, Workshop

Workshop Chair: Andrew R Gammie, Biomedical Engineer, Bristol Urological Institute, United Kingdom

Workshop Speakers:

Ala'a Sharaf, Urologist, Bristol Urological Institute, United Kingdom

Arturo Garcia-Mora, Urologist, Milton Hershey Medical Center, United States

Laura Thomas, Clinical Scientist, Bristol Urological Institute, North Bristol NHS Trust, United Kingdom

Shiby Priju, Nurse, Bristol Urological Institute, North Bristol NHS Trust, United Kingdom

Workshop Schedule:

Start	End	Topic
09:00	09:10	Welcome and introduction to Urodynamics <i>Andrew R Gammie, Biomedical Engineer, Bristol Urological Institute, United Kingdom</i>
09:10	09:30	Physics for the Urodynamicist <i>Andrew R Gammie, Biomedical Engineer, Bristol Urological Institute, United Kingdom</i>
09:30	10:30	Practical Session 1 <i>ALL</i>
10:30	11:00	Break
11:00	11:55	Practical Session 2 <i>ALL</i>
11:55	12:00	Questions

W2 URINARY TRACT INFECTION IN NEUROGENIC LOWER URINARY TRACT DYSFUNCTION (NLUTD): FROM DEFINITIONS TO DECISION-MAKING

09:00 - 10:30, PARALLEL HALL 4, Workshop

Workshop Chair: Sanjay Sinha, Urologist, Apollo Hospital, Hyderabad, India

Workshop Speakers:

Luis Miguel Abranches-Monteiro, Urologist, Hospital Egas Moniz, Portugal

Ryuji Sakakibara, Neuroscientist, Neurology Clinic Tsudanuma, Japan

Stefan de Wachter, Urologist, Dept of Urology, University Hospital Antwerpen, Belgium

Workshop Schedule:

Start	End	Topic
09:00	09:05	Introduction <i>Sanjay Sinha, Urologist, Apollo Hospital, Hyderabad, India</i>
09:05	09:15	What is UTI in the neurogenic lower urinary tract dysfunction patient? <i>Luis Miguel Abranches-Monteiro, Urologist, Hospital Egas Moniz, Portugal</i>
09:15	09:25	Pathophysiology of UTI in the neurogenic patient <i>Ryuji Sakakibara, Neuroscientist, Neurology Clinic Tsudanuma, Japan</i>
09:25	09:35	Treatment, prophylaxis, and antibiotic stewardship in the neurogenic patient
09:35	09:40	Questions
09:40	10:10	Discussion
10:10	10:25	Questions

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
10:25	10:30	Closing Remarks <i>Sanjay Sinha, Urologist, Apollo Hospital, Hyderabad, India</i>

W3 FREE: ADVANCING RESEARCH AND CLINICAL GUIDANCE ON WOMEN'S BLADDER SELF-CARE PRACTICES

09:00 - 10:30, PARALLEL HALL 5, Workshop

Workshop Chair: Kristine Marie Carlson Talley, Nurse, University of Minnesota, United States

Workshop Speakers:

Cathy Murphy, Nurse, University of Southampton, United Kingdom

Diane K Newman, Nurse, Co-Director Penn Center for Continence and Pelvic Health, Division of Urology, University of Pennsylvania, 9 Penn Tower, 34th & Civic Center Blvd, Philadelphia, PA 19104, United States

Jean Wyman, Nurse, University of Minnesota, United States

Workshop Schedule:

Start	End	Topic
09:00	09:10	Introduce workshop speakers, plan for session, and have audience members introduced themselves and what they hope to get out of session <i>Kristine Marie Carlson Talley, Nurse, University of Minnesota, United States</i>
09:10	09:20	Creating a framework to guide clinical practice and research on women's bladder self-care practices. <i>Kristine Marie Carlson Talley, Nurse, University of Minnesota, United States</i>
09:20	09:35	Designing and validating a bladder self-care questionnaire to advanced research for women <i>Jean F Wyman, Nurse, University of Minnesota, United States</i>
09:35	09:50	Continence Product Selection: How can the Continence Product Advisor help clinicians and patients? <i>Cathy Murphy, Nurse, University of Southampton, United Kingdom</i>
09:50	10:05	Clinical implications and advancement of research on women's bladder self-care practices <i>Diane K Newman, Nurse, Co-Director Penn Center for Continence and Pelvic Health, Division of Urology, University of Pennsylvania, 9 Penn Tower, 34th & Civic Center Blvd, Philadelphia, PA 19104, United States</i>
10:05	10:25	Facilitated panel and audience discussion on challenges, potential clinical solutions, and future research needs. <i>ALL</i>
10:25	10:30	Time for participants to complete ICS evaluation form <i>Kristine Marie Carlson Talley, Nurse, University of Minnesota, United States</i>

COFFEE BREAK

10:30 - 11:00, Coffee Break

W4 FREE: CLINICAL DECISION-MAKING IN RECONSTRUCTIVE NEUROUROLOGY: LESSONS FROM REAL CASES

11:00 - 12:30, PARALLEL HALL 4, Workshop

Workshop Chair: Cristiano M Gomes, Urologist, Division of Urology, University of Sao Paulo School of Medicine, Brazil

Workshop Speakers:

Charalampos Konstantinidis, Urologist, National Rehabilitation Center, Athens, Greece

Hidehiro Kakizaki, Urologist, Hokkaido Memorial Hospital of Urology, Japan

Kadir Onem, Urologist, Medicalpark Hospital, Turkey

Workshop Schedule:

Start	End	Topic
-------	-----	-------

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
11:00	11:10	Why reconstructive surgeries are commonly needed in patients with complex nLUTD? <i>Hidehiro Kakizaki, Urologist, Hokkaido Memorial Hospital of Urology, Japan</i>
11:10	11:20	Impact of non-urological conditions for management: Motor deficits, caregiver support, social conditions, and life-style preferences <i>Kadir Onem, Urologist, Medicalpark Hospital, Turkey</i>
11:20	11:30	Surgical options for the small bladder <i>Charalampos Konstantinidis, Urologist, National Rehabilitation Center, Athens, Greece</i>
11:30	11:40	Surgical options for sphincter deficiency <i>Cristiano M Gomes, Urologist, Division of Urology, University of Sao Paulo School of Medicine, Brazil</i>
11:40	11:50	Urinary diversion for patients with NLUTD <i>Hidehiro Kakizaki, Urologist, Hokkaido Memorial Hospital of Urology, Japan</i>
11:50	12:30	Case discussion / Q&A <i>ALL</i>

W5 NAVIGATING THE UNIQUE CHALLENGES IN ADOLESCENT PELVIC FLOOR DYSFUNCTION MANAGEMENT: HANDS-ON COURSE

11:00 - 12:30, PARALLEL HALL 5, Workshop

Workshop Chair: Biljana Kennaway, Physiotherapist, BKennaway Physiotherapy & Pilates, Switzerland

Workshop Speakers:

Dragana Dragan Zivkovic, Paediatric Urologist, University of Novi Sad, Serbia

Grainne Donnelly, Physiotherapist, Cardiff Metropolitan University, UK, United Kingdom

Workshop Schedule:

Start	End	Topic
11:00	11:05	Navigating the Unique Challenges in Adolescent Pelvic Floor Dysfunction Management <i>Biljana Kennaway, Physiotherapist, BKennaway Physiotherapy & Pilates, Switzerland</i>
11:05	11:20	The prevalence of different PFDs in adolescence <i>Dragana Dragan Zivkovic, Paediatric Urologist, University of Novi Sad, Serbia</i>
11:20	11:35	Adolescence: social, cultural and language barriers <i>Dragana Dragan Zivkovic, Paediatric Urologist, University of Novi Sad, Serbia</i>
11:35	11:50	The prevalence of PFD in sports, diagnosis and treatment. <i>Grainne Marie Donnelly, Physiotherapist, Cardiff Metropolitan University, UK, United Kingdom</i>
11:50	12:00	Presentation of the external devices used in treating PFD in adolescence. <i>Biljana Kennaway, Physiotherapist, BKennaway Physiotherapy & Pilates, Switzerland</i>
12:00	12:30	Practical use of several different devices used as adjunctive help in PFD treatment. <i>ALL</i>

LUNCH

12:30 - 13:00, Lunch

W6 INCONTINENCE AFTER PROSTATE TREATMENT - INNOVATIONS IN MANAGING INITIAL AND RECURRENT INCONTINENCE

13:00 - 16:00, PARALLEL HALL 3, Workshop

Workshop Chair: Craig Comiter, Urologist, Stanford University, United States

Workshop Speakers:

Emmanuel Jean Chartier-Kastler, Urologist, Hôpital Pitié Salpêtrière, France

Ralf Anding, Urologist, alta uro AG, Switzerland

Vincent Tse, Urologist, Concord Repatriation General Hospital, Australia

Wilhelm A. Huebner, Confraternität & Goldenes Kreuz Private Hospital, Vienna, Austria

Workshop Schedule:

Start	End	Topic
13:00	13:15	introduction and risk factors <i>Craig Comiter, Urologist, Stanford University, United States</i>
13:15	13:25	diagnostics <i>Vincent Tse, Urologist, Concord Repatriation General Hospital, Australia</i>
13:25	13:35	fixed sling <i>Vincent Tse, Urologist, Concord Repatriation General Hospital, Australia</i>
13:35	13:55	adjustable slings and balloons <i>Ralf G Anding, Urologist, alta uro AG, Switzerland</i>
13:55	14:20	classic and adjustable AUS <i>Wilhelm A. Huebner, Confraternität & Goldenes Kreuz Private Hospital, Vienna, Austria</i>
14:20	14:30	Evaluation of Recurrent SUI <i>Vincent Tse, Urologist, Concord Repatriation General Hospital, Australia</i>
14:30	15:00	When to revise a sling
15:00	15:05	When to revise the male sling <i>Craig Comiter, Urologist, Stanford University, United States</i>
15:05	15:30	Electronic AUS <i>Emmanuel Jean Chartier-Kastler, Urologist, Hôpital Pitié Salpêtrière, France</i>
15:30	16:00	Discussion

W7 FIRST STEPS IN ROBOTIC URINARY TRACT AND PELVIC FLOOR RECONSTRUCTIVE SURGERY.

13:00 - 14:30, PARALLEL HALL 4, Workshop

Workshop Chair: Michel Wyndaele, Urologist, UMC Utrecht, Belgium

Workshop Speakers:

Benoit Peyronnet, Urologist, Rennes University Department of Urology, Rennes, France

Giuseppe Campagna, Gynaecologist, Università Cattolica del Sacro Cuore, Ospedale Isola Tiberina Gemelli Isola, Italy

Nikita Bhatt, Urologist, St Vincent's University Hospital, Ireland

Workshop Schedule:

Start	End	Topic
13:00	13:05	Introduction <i>Michel Wyndaele, Urologist, UMC Utrecht, Belgium</i>
13:05	13:15	(Virtual) proficiency training - Dry-lab and simulator - Wet-lab models - What can we learn from oncology procedures? - (tele)mentors and proctors <i>Michel Wyndaele, Urologist, UMC Utrecht, Belgium</i>
13:15	13:20	Questions

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
13:20	13:35	Pelvic Organ Prolapse: Sacrocolpopexy and Ventral rectopexy <i>Giuseppe Campagna, Gynaecologist, Università Cattolica del Sacro Cuore, Ospedale Isola Tiberina Gemelli Isola, Italy</i>
13:35	13:40	Vesicovaginal fistula <i>Benoit Peyronnet, Urologist, Rennes University Department of Urology, Rennes, France</i>
13:40	13:55	Mesh removal <i>Nikita Bhatt, Urologist, St Vincent's University Hospital, Ireland</i>
13:55	14:10	Female SUI (Colposuspension, Autologous Bladder Neck Sling, Artificial Urinary Sphincter, Bladder neck closure) <i>Benoit Peyronnet, Urologist, Rennes University Department of Urology, Rennes, France</i>
14:10	14:25	Questions
14:25	14:30	Take home messages and conclusions (including workshop evaluation) <i>Michel Wyndaele, Urologist, UMC Utrecht, Belgium</i>

W8 AVOIDING OVERTREATMENT IN FUNCTIONAL UROLOGY: RECOGNISING WHEN LESS IS MORE

13:00 - 14:30, PARALLEL HALL 5, Workshop

Workshop Chair: Tariq Faisal Al-Shaiji, Urologist, Al-Amiri Hospital in Kuwait City, Kuwait

Workshop Speakers:

Mariam Almansouri, Urogynaecologist, Al Salam Al Assima Hospital, Kuwait

Meshari Almutairi, Urologist, Al Salam Al Ahmadi Hospital, Kuwait

Said Yaiesh, Urologist, Jaber Al Ahmad Hospital, Kuwait City, Kuwait

Workshop Schedule:

Start	End	Topic
13:00	13:15	Introduction and defining overtreatment <i>Said Yaiesh, Urologist, Jaber Al Ahmad Hospital, Kuwait City, Kuwait</i>
13:15	14:10	Interactive case-based discussion <i>Tariq Faisal Al-Shaiji, Urologist, Al-Amiri Hospital in Kuwait City, Kuwait, Meshari Almutairi, Urologist, Al Salam Al Ahmadi Hospital, Kuwait, Mariam Mubarak Almansouri, Urogynaecologist, Al Salam Al Assima Hospital, Kuwait</i>
14:10	14:25	Practical de-escalation strategies <i>Tariq Faisal Al-Shaiji, Urologist, Al-Amiri Hospital in Kuwait City, Kuwait</i>
14:25	14:30	Key take-home messages and closing <i>Said Yaiesh, Urologist, Jaber Al Ahmad Hospital, Kuwait City, Kuwait</i>

W9 FREE: PELVIC ORGAN PROLAPSE AND LUTS ACROSS THE FEMALE LIFESPAN: FROM REPRODUCTIVE YEARS TO ADVANCED AGE

14:30 - 16:00, PARALLEL HALL 4, Workshop

Workshop Chair: Ivilina Pandeva, Urogynaecologist, Cambridge University Hospital, United Kingdom

Workshop Speakers:

Ashish Pradhan, Urogynaecologist, Addenbrookes Hospital, Cambridge, United Kingdom

Hayser Medina Lucena, Obstetrician & Gynaecologist, University of Leicester, United Kingdom

Miriam O'Kane, Obstetrician & Gynaecologist, Urogynaecology Department, United Kingdom

Workshop Schedule:

Start	End	Topic
14:30	14:40	Welcome, introduction and audience polling – Learning objectives and overview of prolapse across the lifespan – “How would you manage this patient?” baseline vote <i>ALL</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
14:40	14:55	Management of prolapse in pre-menopausal women – Fertility considerations, uterine preservation, and individualised decision-making – Uterine preservation vs hysterectomy: short opposing perspectives and moderated discussion <i>Ivilina Pandeva, Urogynaecologist, Cambridge University Hospital, United Kingdom</i>
14:55	15:10	Management of LUTS across the lifespan – Relationship between prolapse and LUTS, assessment and treatment strategies – Symptom led vs anatomy-led management <i>Miriam O'Kane, Obstetrician & Gynaecologist, Urogynaecology Department, United Kingdom</i>
15:10	15:25	Vaginal hysterectomy and sacrospinous fixation – Indications, technique, outcomes, and patient selection – Traditional approach vs emerging techniques <i>Ashish Pradhan, Urogynaecologist, Addenbrookes Hospital, Cambridge, United Kingdom</i>
15:25	15:40	Pelvic floor repair – Role of pelvic floor repair, compartment-specific strategies, and functional outcomes <i>Hayser Medina Lucena, Obstetrician & Gynaecologist, University of Leicester, United Kingdom</i>
15:40	16:00	Case-based panel discussion, video presentations and audience Q&A – Integrating age, symptoms, and patient priorities into prolapse management <i>ALL</i>

W10 BEYOND THE PELVIS: NON-INVASIVE CONSERVATIVE CARE FOR CHRONIC PELVIC PAIN (BRIDGING EVIDENCE, CLINICAL PRACTICE, AND ACCESS-FRIENDLY STRATEGIES)

15:00 - 16:00, PARALLEL HALL 5, Workshop

Workshop Chair: Laurel Proulx, Physiotherapist, Baylor University, United States

Workshop Speakers:

Jilly Bond, Physiotherapist, Jilly Bond Physiotherapy, United Kingdom

Malgorzata (Gosia) Starzec-Proserpio, Physiotherapist, Centre of Postgraduate Medical Education (CMKP) in Warsaw, Canada

Workshop Schedule:

Start	End	Topic
15:00	15:05	Welcome, Workshop objectives <i>Laurel Proulx, Physiotherapist, Baylor University, United States</i>
15:05	15:20	Define multisystem impairments in chronic pelvic pain and identify multifactorial barriers to intrapelvic treatment <i>Jilly Bond, Physiotherapist, Jilly Bond Physiotherapy, United Kingdom</i>
15:20	15:35	Appraisal of extrapelvic multimodal Intervention evidence within multimodal physiotherapy <i>Malgorzata (Gosia) Starzec-Proserpio, Physiotherapist, Centre of Postgraduate Medical Education (CMKP) in Warsaw, Canada</i>
15:35	15:55	Mapping of CPP impairments to extrapelvic and intrapelvic strategies with evidence and clinical context with clinical case application <i>Laurel Proulx, Physiotherapist, Baylor University, United States</i>
15:55	16:00	Discussion, Q+A and Final Takeaways <i>ALL</i>

COFFEE BREAK

16:00 - 16:30, Coffee Break

W11 HARNESSING ARTIFICIAL INTELLIGENCE TO OPTIMISE URODYNAMICS

16:30 - 18:00, PARALLEL HALL 3, Workshop

Workshop Chair: Tufan Tarcan, Urologist, Koç University, Turkey

Workshop Speakers:

Andrew R Gammie, Biomedical Engineer, Bristol Urological Institute, United Kingdom

Eskinder Solomon, Clinical Scientist, Guy's and St Thomas NHS Trust, United Kingdom

Wouter Van Dort, Early Career Professional, University Medical Center Utrecht, Netherlands

Workshop Schedule:

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
16:30	16:55	AI in flowmetry and pressure-flow studies <i>Wouter Van Dort, Early Career Professional, University Medical Center Utrecht, Netherlands</i>
16:55	17:20	detection and characterisation of detrusor overactivity and Bladder compliance analysis <i>Tufan Tarcan, Urologist, Koç University, Turkey</i>
17:20	17:40	Video urodynamics and bladder shape analysis <i>Eskinder Solomon, Clinical Scientist, Guy's and St Thomas NHS Trust, United Kingdom</i>
17:40	18:00	AI implementation considerations <i>Andrew R Gammie, Biomedical Engineer, Bristol Urological Institute, United Kingdom</i>

W12 MAKING SENSE OF IC/BPS: HOW TO DIAGNOSE AND TREAT SMARTER WITH AI, BIOMARKERS, EMERGING THERAPIES THROUGH A PRACTICAL PHENOTYPE-BASED ALGORITHM

16:30 - 18:00, PARALLEL HALL 4, Workshop

Workshop Chair: Hann-Chorng Kuo, Urologist, Hualien Tzu Chi Hospital, Buddhist Tzu Chi Medical Foundation, and Tzu Chi University

Workshop Speakers:

Lori A Birder, Neuroscientist, University of Pittsburgh, United States

Yoshiyuki Akiyama, Urologist, Department of Urology, Graduate School of Medicine, The University of Tokyo, Japan

Yu-Chen Chen, Urologist, Kaohsiung Medical University Hospital

Workshop Schedule:

Start	End	Topic
16:30	16:50	The Neuro-Urothelial Axis and Sensory Mechanisms in IC/BPS: Translating Basic Science Into Clinical Therapeutic Targets <i>Lori A Birder, Neuroscientist, University of Pittsburgh, United States</i>
16:50	17:05	Clinical Phenotypes and Pathophysiology of IC/BPS: Integrating Global Evidence From Clinical and Experimental Models <i>Yoshiyuki Akiyama, Urologist, Department of Urology, Graduate School of Medicine, The University of Tokyo, Japan</i>
17:05	17:20	AI-Enhanced Urinary Biomarker Clusters for Precision Diagnosis and Outcome Prediction in IC/BPS <i>Yu-Chen Chen, Urologist, Kaohsiung Medical University Hospital</i>
17:20	17:40	Mechanism-Based Multimodal Therapies for IC/BPS: A Clinically Applicable Algorithm <i>Hann-Chorng Kuo, Urologist, Hualien Tzu Chi Hospital, Buddhist Tzu Chi Medical Foundation, and Tzu Chi University</i>
17:40	18:00	Panel Discussion and Interactive Case-Based Dialogue <i>ALL</i>

W13 SUSTAINABILITY IN CONTINENCE CARE

16:30 - 18:00, PARALLEL HALL 5, Workshop

Workshop Chair: Sanne Jansen, Urologist, UMC Utrecht, Netherlands

Workshop Speakers:

Angie Rantell, Nurse, Kings College Hospital, London, United Kingdom

Evelyn Verheijen, Gynaecologist, Netherlands

Lauren Bullens, Gynaecologist, Slingeland Hospital, Netherlands

Workshop Schedule:

Start	End	Topic
16:30	16:35	Introduction of speakers & Kahoot <i>Sanne Jansen, Urologist, UMC Utrecht, Netherlands</i>
16:35	16:50	Introduction to the environmental impact of healthcare & continence care <i>Sanne Jansen, Urologist, UMC Utrecht, Netherlands</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
16:50	16:55	Introducing the R-ladder <i>Evelyn Verheijen, Gynaecologist, Netherlands</i>
16:55	17:10	Refuse & reduce: prevention! <i>Evelyn Verheijen, Gynaecologist, Netherlands</i>
17:10	17:25	The nurses perspective: patient centered care <i>Angie Rantell, Nurse, Kings College Hospital, London, United Kingdom</i>
17:25	17:35	Transitions: why are they so hard? <i>ALL</i>
17:35	17:45	Facilitators & Barriers for the transition to reusable continence materials <i>Lauren Bullens, Gynaecologist, Slingeland Hospital, Netherlands</i>
17:45	17:55	Rethink: tips & tricks for sustainable surgery <i>Sanne Jansen, Urologist, UMC Utrecht, Netherlands</i>
17:55	18:00	Questions

Wednesday 7 October

WELCOME AND OPENING WORDS

08:30 - 09:00, PLENARY HALL 1, Opening Ceremony

Chairs:

Gommert A van Koeveringe, Urologist, Maastricht University Medical Center+, Netherlands

John PFA Heesakkers, Urologist, Maastricht University Medical Centre, Netherlands

Tufan Tarcan, Urologist, Koç University, Turkey

RT1 NEW CONCEPTS IN NOCTURIA

09:00 - 10:00, PLENARY HALL 1, Round Table Discussion

Chairs:

Anthony John Kanai, Pharmacologist, University of Pittsburgh, United States

Marcus John Drake, Urologist, Bristol Urological Institute, United Kingdom

Speakers:

Adrian Stuart Wagg, Geriatrician, University of Alberta, Canada

Martin Christian Michel, Pharmacologist, Johannes Gutenberg University, Germany

Qi-Xiang "Rex" Song, Surgeon, Renji Hospital, Shanghai Jiao Tong University School of Medicine, China

ICI1 EPIDEMIOLOGY OF URINARY INCONTINENCE AND OTHER LOWER URINARY TRACT SYMPTOMS, PELVIC ORGAN PROLAPSE AND FAECAL INCONTINENCE

09:00 - 09:30, PARALLEL HALL 2, ICI Committee Report

Speaker: Ian Milsom, Gynaecologist, Sahlgrenska Academy at Gothenburg University, Sweden

W14 FREE: ICS PHYSIOTHERAPY COMMITTEE WORKSHOP: FROM TRAMPOLINE TO BENCH PRESS AND EVERYTHING IN BETWEEN – WHAT DO WE KNOW ABOUT PELVIC FLOOR LOADING DURING PHYSICAL ACTIVITY? (ICS CORE CURRICULUM)

09:00 - 10:30, PARALLEL HALL 5, Workshop

Workshop Chair: Linda Mclean, Physiotherapist, University of Ottawa, Canada

Workshop Speakers:

Grainne Donnelly, Physiotherapist, Cardiff Metropolitan University, UK, United Kingdom

James Ashton-Miller, Biomedical Engineer, University of Michigan, United States

Sabine Vesting, Physiotherapist, Faculty of Health Sciences, School of Rehabilitation Sciences, University of Ottawa, Ottawa, Canada, Sweden

Workshop Schedule:

Start	End	Topic
09:00	09:05	Introduction
09:05	09:20	What are the relative magnitudes of gravitational, intraabdominal pressure and dynamic (inertial force) loads on the pelvic floor during physical activities? What maintains closure of the urogenital hiatus under these loads, and how do certain injuries affect this? <i>James Ashton-Miller, Biomedical Engineer, University of Michigan, United States</i>
09:20	09:35	How do we measure, infer and interpret static and dynamic loads that act on the pelvic floor in different body positions and during different physical activities? <i>Sabine Vesting, Physiotherapist, Faculty of Health Sciences, School of Rehabilitation Sciences, University of Ottawa, Ottawa, Canada, Sweden</i>
09:35	09:50	What is the prevalence of PFDs among athletes who participate in different sports, and how does this relate to the loads that act on the pelvic floor during these sports? <i>Grainne Marie Donnelly, Physiotherapist, Cardiff Metropolitan University, UK, United Kingdom</i>
09:50	10:05	Is pelvic floor loading harmful to the pelvic floor? What does current evidence tell us?
10:05	10:25	Panel: <i>James Ashton-Miller, Biomedical Engineer, University of Michigan, United States, Grainne Marie Donnelly, Physiotherapist, Cardiff Metropolitan University, UK, United Kingdom, Sabine Vesting, Physiotherapist, Faculty of Health Sciences, School of Rehabilitation Sciences, University of Ottawa, Ottawa, Canada, Sweden</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
10:25	10:30	Wrap up/Final questions

S1 OVERACTIVE BLADDER

09:30 - 10:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

Enrico Finazzi Agrò, Urologist, University of Roma "Tor Vergata", Italy

Francisco Cruz Miranda Rodrigues, Urologist, Universidade do Porto, Portugal

Stefan de Wachter, Urologist, Dept of Urology, University Hospital Antwerpen, Belgium

Abstract Presentations:

Start	End	Abstract
09:30	09:37	#1 Timing of Minimally Invasive Therapy Initiation for Overactive Bladder and Its Association With Health Care Utilization and Costs: A Population Based Claims Analysis in the United States, 2018-2024 <i>Priya Padmanabhan, Beaumont Hospital, Royal Oak, Royal Oak, MI, USA, United States</i>
09:37	09:45	#2 Irritable Bowel Syndrome Subtype Predicts Treatment Response and Defines Distinct Mechanistic Phenotypes in OAB-IBS Comorbidity: A Prospective Observational Study <i>Yubo Gao, Urologist, Department of Urology, Nanfang Hospital, Southern Medical University, Guangzhou, China</i>
09:45	09:52	#3 Randomized clinical trial of percutaneous versus transcutaneous tibial nerve stimulation in refractory overactive bladder: Are the same? <i>Esther Martinez-Cuenca, Hospital Universitari i Politècnic La Fe. València. Spain</i>
09:52	10:00	#4 First Demonstration of the Feasibility of At-Home Percutaneous Tibial Nerve Stimulation Using a Wearable Microneedle Nerve Stimulator for Non-neurogenic Overactive Bladder <i>Vincent Tse, Urologist, Concord Repatriation General Hospital, Australia</i>
10:00	10:07	#5 Sacral Neuromodulation: A Nationwide French Database Analysis of Definitive Implantation and Reintervention Rates <i>Alicia Blondeau, Urologist, CHRU Nancy, France</i>
10:07	10:15	#6 Does less filling hurt less? Bladder volume and procedural pain during intravesical botulinum toxin injection <i>OMAR RAMADAN, EAST KENT HOSPITALS UNIVERSITY NHS, United Kingdom</i>
10:15	10:22	#7 Urgency Urinary Incontinence is Associated with Vascular Disease and a Distinct Cardiometabolic Proteomic Signature in the LURN Cohorts <i>Glenn Werneburg, Urologist, Cleveland Clinic, United States</i>

S2 FEMALE LUTS

09:30 - 10:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Howard B Goldman, Urologist, The Cleveland Clinic, United States

Jan-Paul Roovers, Urogynaecologist, AMC Amsterdam, Netherlands

Véronique Phé, Urologist, Tenon academic hospital, Sorbonne university, France

Abstract Presentations:

Start	End	Abstract
09:30	09:37	#9 Pessary Self-Management Versus Clinical Management in Women With Pelvic Organ Prolapse: A Prospective Multicenter Cohort Study <i>Renée Börger, Zuyderland Medical Centre</i>
09:37	09:45	#10 First-in-women smart artificial urinary sphincter for severe female stress urinary incontinence: one-year results of a prospective multicenter study <i>Emmanuel Chartier-Kastler, Urologist, Hôpital Pitié Salpêtrière, France</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
09:45	09:52	#11 Vaginal Arcocolposuspension versus Transobturator Midurethral Sling for Stress Urinary Incontinence: A Randomized Trial with Mid-Term Follow-Up <i>Gokay OZCELTIK, Early Career Professional, Faculty of Medicine, Department of Obstetrics and Gynecology, Ege University, Izmir, Turkey.</i>
09:52	10:00	#12 SUSTeR study : Sub-Urethral Sling Treatment Removal, a retrospective multicentric cohort. Mesh removal for mid and long term midurethral sling complications between 2010-2024 : Is symptom recovery possible ? <i>Xavier Gamé, CHU Toulouse</i>
10:00	10:07	#13 Transurethral Injection of Autologous Muscle Precursor Cells in Resorbable Collagen Solution for the Treatment of Female Stress Urinary Incontinence (SUI) – longitudinal 12 months interim results <i>Tobias Simon Schmidli, Urologist, University Hospital Zurich, Department of Urology, Zurich, Switzerland</i>
10:07	10:15	#14 Overactive bladder syndrome management: physicians versus Artificial Intelligence <i>Emanuele RUBILOTTA, Urologist, Department of Urology, A.O.U.I. Verona, Verona, Italy.</i>
10:15	10:22	#15 Prospective association of physical activity and sedentary behavior with lower urinary tract symptoms (LUTS) in women: Results from the RISE FOR HEALTH Study <i>Ariana Smith, Female & Functional Urologist, University of Pennsylvania, United States</i>
10:22	10:30	#16 Optimization of the intradetrusor botulinum toxin technique: comparison between 4 vs 10 injection sites and intraindividual analysis in real-world clinical practice <i>JUAN FRANCISCO MONZON FALCONI, UROCLINICA BARCELONA/CENTRO MEDICO TEKNON, Mexico</i>

S3 NEUROSCIENCE

09:30 - 10:30, PARALLEL HALL 4, Podium Short Oral

Scientific Session Chairs:

Desiree Vrijens, Urologist, Maastricht University Medical Centre, Netherlands

Youko Ikeda, Research Scientist, University of Pittsburgh, United States

Abstract Presentations:

Start	End	Abstract
09:30	09:37	#17 Mapping Supraspinal Control of Pontine Micturition Center Activation Underlying Urinary Continence <i>Anne MJ Verstegen, Neuroscientist, Division of Nephrology, Dept. of Medicine, Beth Israel Deaconess Medical Center/ Harvard Medical School, Boston, MA 02215, USA, United States</i>
09:37	09:45	#18 Mapping Hypothalamic and Brainstem Correlates of Bladder Filling Using Functional MRI <i>Naomi van Houtum, Department of Urology, Maastricht University Medical Center+ (MUMC+), Maastricht, The Netherlands.</i>
09:45	09:52	#19 A Neuromedin-S spinal circuit coordinating lower urinary tract function <i>Andrea M. Sartori, Neuroscientist, Division of Nephrology, Department of Medicine, Beth Israel Deaconess Medical Center, Boston, MA 02215, USA / Harvard Medical School, Boston, MA 02215, USA, United States</i>
09:52	10:00	#20 Defining the Molecular and Spatial Architecture of Spinal Circuits Governing Lower Urinary Tract Control <i>Anne M.J. Verstegen, Neuroscientist, Division of Nephrology, Dept. of Medicine, Beth Israel Deaconess Medical Center/ Harvard Medical School, Boston, MA 02215, USA, United States</i>
10:00	10:07	#21 Inosine interrupts a Mitochondrial ROS / PARP1-mediated injury cascade in Bladder Dysfunction after Spinal Cord Injury <i>Pragya Nagar, Early Career Professional, Functional Urology Lab, Department for BioMedical Research (DBMR), University of Bern, Switzerland</i>
10:07	10:15	#22 Glucagon-like Peptide Receptor Agonists Improve Bladder Function in Spinal Cord Injury Mice by Inhibiting Neuroinflammation <i>baojun gu, Department of Urology, Shanghai Sixth People's Hospital Affiliated to Shanghai Jiao Tong University School of Medicine, Shanghai, 200233, China.</i>
10:15	10:22	#23 Mechanisms of diabetic bladder overactivity: Increased bladder C-fibers is due to sprouting which can mediate an increase in evoked potentials <i>Francis Hughes, Research Scientist, Duke University Medical School, United States</i>

Start	End	Abstract
-------	-----	----------

10:22	10:30	#24 Elevated bladder pressure mediates Integrin $\alpha\beta6$ promotes MMT aggravated neurogenic bladder fibrosis via the Rho-ROCK/TGF- β Pathway <i>Yibo Wen, Medical Physicist, Department of Urology and Henan Joint International Paediatric Urodynamic Laboratory, First Affiliated Hospital of Zhengzhou University, China</i>
-------	-------	--

SPT1 SINUG LECTURE - USING PROMS TO CAPTURE PATIENT SYMPTOMS AND THE EFFECT OF LOWER URINARY TRACT TREATMENTS

10:00 - 10:30, PLENARY HALL 1, Spotlight On

Speaker: Pedro Blasco Hernández, Universitas Miguel Hernández, Spain

COFFEE BREAK, EXHIBITION & PRODUCT THEATRE

10:30 - 11:00, Coffee Break

ICI2 NEURAL CONTROL AND CELL BIOLOGY

10:30 - 11:00, PARALLEL HALL 2, ICI Committee Report

Speaker: Lori A Birder, Neuroscientist, University of Pittsburgh, United States

S101 OPEN DISCUSSION EPOSTERS

10:30 - 11:00, EXHIBITION HALL, Open Discussion

ePoster Station Chairs:

Ana Charrua, Research Scientist, Faculty of Medicine University of Porto, Portugal

Emmanuel Jean Chartier-Kastler, Urologist, Hôpital Pitié Salpêtrière, France

Kadir Onem, Urologist, Medicalpark Hospital, Turkey

MARILENA GUBBIOTTI, Urogynaecologist, Santa Maria la Gruccia Hospital, Arezzo, Italy

Pedro Blasco Hernández, Universitas Miguel Hernández, Spain

Said Yaesh, Urologist, Jaber Al Ahmad Hospital, Kuwait City, Kuwait

Tariq Faisal Al-Shaiji, Urologist, Al-Amiri Hospital in Kuwait City, Kuwait

LL1 LIVE LOUNGE 1

10:40 - 11:00, ICS LIVE LOUNGE, Live Lounge

SOA1 STATE OF THE ART LECTURE - POST PARTUM INCONTINENCE & PROLAPSE. PREVENTION, DIAGNOSIS AND TREATMENT. CRISTINA ROS CERRO

11:00 - 11:30, PLENARY HALL 1, State of the Art Lecture

Chair: Francisco Cruz Miranda Rodrigues, Urologist, Universidade do Porto, Portugal

Speaker: Cristina Ros Cerro, Hospital Clínic de Barcelona, Spain

ICI3 PATHOPHYSIOLOGY OF URINARY INCONTINENCE, PELVIC ORGAN PROLAPSE AND FAECAL INCONTINENCE

11:00 - 11:30, PARALLEL HALL 2, ICI Committee Report

Speakers:

Enrico Finazzi Agrò, Urologist, University of Roma "Tor Vergata", Italy

Maurizio Serati, Urogynaecologist, University of Insubria, Varese, Italy

W15 KETAMINE-INDUCED UROPATHY: AN INTERDISCIPLINARY, PRACTICE-ORIENTED APPROACH FOR UROLOGIST

11:00 - 12:30, PARALLEL HALL 5, Workshop

Workshop Chair: Wouter van der Sanden, Urologist, Jeroen Bosch Ziekenhuis, Netherlands

Workshop Speakers:

Amber Wood, Other, Netherlands

Hann-Chorng Kuo, Urologist, Hualien Tzu Chi Hospital, Buddhist Tzu Chi Medical Foundation, and Tzu Chi University

Lori A Birder, Neuroscientist, University of Pittsburgh, United States

Workshop Schedule:

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
11:00	11:10	Introduction – Live patient interview <i>Wouter van der Sanden, Urologist, Jeroen Bosch Ziekenhuis, Netherlands</i>
11:10	11:25	Recreational Ketamine Use and Addiction <i>Amber Wood, Other, Netherlands</i>
11:25	11:40	Diagnostic Approach & 1e line management <i>Wouter van der Sanden, Urologist, Jeroen Bosch Ziekenhuis, Netherlands</i>
11:40	12:00	Pathophysiology and Emerging insights <i>Lori A Birder, Neuroscientist, University of Pittsburgh, United States</i>
12:00	12:20	Advanced Disease and Surgical Management <i>Hann-Chorng Kuo, Urologist, Hualien Tzu Chi Hospital, Buddhist Tzu Chi Medical Foundation, and Tzu Chi University</i>
12:20	12:30	Questions

RT2 FEMALE INCONTINENCE IN POSTMENOPAUSAL WOMEN

11:30 - 12:30, PLENARY HALL 1, Round Table Discussion

Chairs:

Howard B Goldman, Urologist, The Cleveland Clinic, United States

Jan-Paul Roovers, Urogynaecologist, AMC Amsterdam, Netherlands

Speakers:

Arjun K Nambiar, Urologist, Freeman Hospital, Newcastle-upon-Tyne Hospitals NHS Foundation Trust, Newcastle, UK, United Kingdom

Jacqueline Zillioux, Female & Functional Urologist, University of Virginia Health, United States

Jan Deprest, Gynaecologist, Katholieke Universiteit Leuven, Belgium

Tomi Mikkola, Urogynaecologist, University of Helsinki, Finland

S4 FROM PREVENTION TO PUBLIC HEALTH AND HEALTH SERVICES

11:30 - 12:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

Melanie Morin, Physiotherapist, University of Sherbrooke, Canada

Pedro Blasco Hernández, Universitat Miguel Hernández, Spain

Philip Edward Van Kerrebroeck, Urologist, University Maastricht, Belgium

Abstract Presentations:

Start	End	Abstract
11:30	11:37	#25 Hidden in Plain Sight: A Multi-Specialty Initiative to Improve Recognition of Lichen Sclerosus, Genitourinary Syndrome of Menopause and Vulvar Cancer <i>Vinita Gottipati, Early Career Professional, Albany Medical Center, United States</i>
11:37	11:45	#26 Bridging the Gap Between Recommendations and Practice: Real-World Insights on Multidisciplinary Care in Pelvic Floor Dysfunction from a National Survey <i>Marilena Gubbiotti, Urogynaecologist, Santa Maria la Gruccia Hospital, Arezzo, Italy</i>
11:45	11:52	#27 DIFFERENCES IN THE PREVALENCE OF RECURRENT URINARY TRACT INFECTIONS IN WOMEN BASED ON DIETARY HABITS <i>Craig Comiter, Urologist, Stanford University, United States</i>
11:52	12:00	#28 Addressing Psychological Barriers to Intermittent Catheterization Initiation in Men: Development of a Best Practice Onboarding Framework <i>Natalie Sheward, Industry, Wellspect Healthcare, Sweden</i>
12:00	12:07	#29 Breaking the Barrier: Why Patients Don't Seek Help for Urinary Incontinence <i>Prakhar Chaudhary, Urologist, Grant Government Medical College & Sir JJ Hospital, Mumbai, India</i>
12:07	12:15	#30 The Strain of Secrecy: An Exploratory Characterization of Psychosocial Barriers and Disclosure Patterns for UI in Varsity Athletics <i>Noah Martin, Early Career Professional, University of Alberta, Canada</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
12:15	12:22	#31 Prevalence and Preventive Practices for Urinary Incontinence in Amateur Female Runners: A Cross sectional Study <i>Gisela Maria Assis, Nurse, Hospital de Clínicas - Universidade Federal do Paraná, Brazil</i>
12:22	12:30	#32 Conservative urotherapeutic management for men undergoing radical prostatectomy: interdisciplinary guideline recommendations <i>Antje Brosemann, D-A-CH Vereinigung der Urotherapie e.V.</i>

S5 MALE SUI / PPI

11:30 - 12:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Frank Van der Aa, Urologist, UZ Leuven, Belgium

Salvador Arlandis Guzmán, Urologist, University of Valencia, Spain

Sherif Mourad, Urologist, Ain Shams University, Cairo, Egypt

Abstract Presentations:

Start	End	Abstract
11:30	11:37	#33 Anatomy-based predictors of continence after robot-assisted radical prostatectomy with bilateral neurovascular bundle preservation <i>Rui Caceiro, Early Career Professional, ULS São José, Portugal</i>
11:37	11:45	#34 Relationship between urinary incontinence and membranous urethral length measured by transperineal ultrasound prior to radical prostatectomy <i>Antonio Gutierrez Bardallo, Urologist, Hospital universitario Virgen del Rocío, Spain</i>
11:45	11:52	#35 Development of a standardized transperineal ultrasound protocol for assessment of male pelvic floor function and correlation with long term continence outcomes post radical prostatectomy <i>Lewis Chan, Urologist, Concord Repatriation General Hospital, Australia</i>
11:52	12:00	#36 Methods for Evaluating the Severity of Urinary Incontinence After Radical Prostatectomy: A Comparative Approach <i>Vladimir José Massaro Júnior, Early Career Professional, Campinas State University, Brazil</i>
12:00	12:07	#37 The paradox of patient satisfaction beyond leakage weight: one-year patient-reported outcomes after surgical treatment for male stress urinary incontinence. Results from the SATURN prospective multicentre registry. <i>Alexander van Renterghem, Early Career Professional, Maastricht University Medical Center, Urology, Maastricht, The Netherlands</i>
12:07	12:15	#38 Does baseline urinary incontinence severity affect quality of life and patient satisfaction following male stress urinary incontinence surgery? A secondary analysis of the MASTER randomised controlled trial <i>Arun Sahai, Urologist, Guy's Hospital, United Kingdom</i>
12:15	12:22	#39 THE EFFECTS OF PELVIC FLOOR MUSCLE TRAINING COMBINED WITH AEROBIC EXERCISE AND RELAXATION TRAINING ON URINARY, SEXUAL, EMOTIONAL AND COGNITIVE OUTCOMES AFTER ROBOTIC RADICAL PROSTATECTOMY: A RANDOMIZED CONTROLLED TRIAL <i>Ege Nur Atabey Gerlegiz, Physiotherapist, Hacettepe University, Faculty of Physical Therapy and Rehabilitation, Department of Fundamental Physiotherapy and Rehabilitation, Ankara, Turkey</i>
12:22	12:30	#40 Complications and Risk Factors Associated with Explantation of Artificial Urinary Sphincter for Post-Prostatectomy Incontinence: A Nationwide French Study Using the PMSI Database. <i>Charles MAZEAUD, Urologist, CHRU Nancy, France</i>

S6 SURGICAL VIDEOS 1 - UROGYNÆCOLOGY TECHNIQUES

11:30 - 12:30, PARALLEL HALL 4, Podium Video

Scientific Session Chairs:

Elise Jaques Billings De, Urologist, Albany Medical Center, United States

Michel Wyndaele, Urologist, UMC Utrecht, Belgium

Abstract Presentations:

Start	End	Abstract
-------	-----	----------

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
11:30	11:37	#41 Robotic-Assisted Integral Perineal Sacrocolpopexy for Combined Pelvic Organ Prolapse and Perineal Descent <i>Clara Velasco Balanza, Early Career Professional, Urology, La Princesa University Hospital, Madrid, Spain</i>
11:37	11:45	#42 ROBOT ASSISTED TOT SLING EXTRUSION REMOVAL <i>Juan PENAFIEL, Urologist, Hopitaux Sud Manche, France</i>
11:45	11:52	#43 Beyond Repeat Sling: Mesh-Free ULP: Rescue After Transobturator Tape Failure <i>Alev Esercan, Obstetrician & Gynaecologist, Trabzon University, Kanuni Training and Research Hospital Department of Obstetrics and Gynecology, Trabzon; Turkey</i>
11:52	12:00	#44 Addressing Post-Obstetric Fistula Repair Stress Incontinence with Bulkamid: Cystoscopic and Periurethral Techniques in Africa <i>Kenneth Peters, Urologist, Corewell Health William Beaumont University Hospital, United States</i>
12:00	12:07	#45 Transvaginal Natural Orifice Endoscopic-Guided Sacrospinous Ligament Exposure and Suture Passer Automatic Suturing Technique (Mingxiu Technique) <i>Ming-Xiu Wu, Gynaecologist, The Tenth Affiliated Hospital, Southern Medical University (Dongguan People's Hospital), China</i>
12:07	12:15	#46 Adjustable autologous sling for recurrent female SUI: Restoring continence and sexual function <i>Paula Leeland Rincon, Early Career Professional, Hospital del Henares, Coslada, Madrid, Spain</i>
12:15	12:22	#47 V-NOTES hysterectomy with high utero-sacral suspension for apical support <i>Nour Khalil, Urologist, University of Saint-Joseph, Faculty of Medicine, Hotel-Dieu de France, Gynecology Department, Beirut, Lebanon</i>
12:22	12:30	#48 Robotic Assisted Repair of Vesicovaginal Fistula Associated with Delayed Sacrocolpopexy Mesh Infection <i>Emily Stopnick, Cleveland Clinic Foundation, Cleveland, Ohio, USA</i>

LUNCH & EXHIBITION

12:30 - 14:00, Lunch

ICI19 PRIMARY PREVENTION, CONTINENCE PROMOTION INCLUDING SELF-CARE, MODELS OF CARE AND EDUCATION

12:30 - 13:00, PARALLEL HALL 2, ICI Committee Report

Speaker: Angie Rantell, Nurse, Kings College Hospital, London, United Kingdom

S102 OPEN DISCUSSION EPOSTERS

12:30 - 14:00, EXHIBITION HALL, Open Discussion

ePoster Station Chairs:

Adrian Stuart Wagg, Geriatrician, University of Alberta, Canada

Apostolos Apostolidis, Neurourologist, Aristotle University of Thessaloniki, Greece

Artem Loktev, Urologist, Fomin Clinic, Moscow, Russia, Russian Federation

Daniele Bianchi, Urologist, Tor Vergata University, Rome, Italy

Emre Huri, Urologist, Hacettepe University, Turkey

Esra UZELPASACI, Physiotherapist, University of Montreal, Turkey

George Bou Kheir, Urologist, UZ Gent, Belgium

Glenn T. Werneburg, Urologist, Cleveland Clinic, United States

Javier Jerez Roig, Physiotherapist, University of Vic-Central University of Catalonia, Spain

JUAN ANTONIO VILLANUEVA-HERRERO, Colorectal Surgeon, HOSPITAL GENERAL DE MEXICO "DR. EDUARDO LICEAGA", Mexico

Kadir Onem, Urologist, Medicalpark Hospital, Turkey

Nicholas A Faure Walker, Urologist, Epsom Hospital, United Kingdom

Philip Edward Bearn, Coloproctologist, Royal Holloway College, United Kingdom

Said Yaiesh, Urologist, Jaber Al Ahmad Hospital, Kuwait City, Kuwait

LL2 LIVE LOUNGE 2

12:40 - 13:00, ICS LIVE LOUNGE, Live Lounge

PELVIC FLOOR EXERCISE CLASS

12:45 - 13:45, PARALLEL HALL 5, Physical Activity

LL3 LIVE LOUNGE 3

13:05 - 13:25, ICS LIVE LOUNGE, Live Lounge

LL4 LIVE LOUNGE 4

13:30 - 13:50, ICS LIVE LOUNGE, Live Lounge

ICI4 ASSESSMENT, INCLUDING IMAGING AND OTHER TESTS, IN ADULT MALE AND FEMALE PATIENTS WITH URINARY INCONTINENCE

13:50 - 14:20, PARALLEL HALL 2, ICI Committee Report

Speaker: Dudley Timothy Robinson, Urogynaecologist, Kings College Hospital, United Kingdom

RT3 PHYSIOLOGY OF LOWER URINARY TRACT: BLADDER AND URETHRA IN HEALTH AND DISEASE. WHAT IS SETTLED AND WHAT NEEDS FURTHER INVESTIGATION?

14:00 - 15:00, PLENARY HALL 1, Round Table Discussion

Chairs:

Lori A Birder, Neuroscientist, University of Pittsburgh, United States

Stefania Musco, Urologist, Careggi University Hospital, Florence, Italy

Speaker: Mathijs de Rijk, Neuroscientist, Faculty of Health, Medicine and Life Sciences, Maastricht University, Netherlands

ICS NEUROUROLOGY PROMOTION COMMITTEE - LATEST DEVELOPMENTS IN NEUROUROLOGY

14:00 - 14:30, PARALLEL HALL 3, Committee Activity

Chair: Sanjay Sinha, Urologist, Apollo Hospital, Hyderabad, India

Members:

Blayne Welk, Urologist, Western University, Canada

Charalampos Konstantinidis, Urologist, National Rehabilitation Center, Athens, Greece

Christina-Anastasia Rapiadi, Physical Medicine and Rehabilitation, PRM Department, General Hospital "G.Gennimatas", Greece

Cristiano M Gomes, Urologist, Division of Urology, University of Sao Paulo School of Medicine, Brazil

Glenn T. Werneburg, Urologist, Cleveland Clinic, United States

Hidehiro Kakizaki, Urologist, Hokkaido Memorial Hospital of Urology, Japan

Kadir Onem, Urologist, Medicalpark Hospital, Turkey

Luis Miguel Abranches-Monteiro, Urologist, Hospital Egas Moniz, Portugal

Ryuji Sakakibara, Neuroscientist, Neurology Clinic Tsudanuma, Japan

Stefan de Wachter, Urologist, Dept of Urology, University Hospital Antwerpen, Belgium

Stephanie Kotes, Urologist, NZ Health, New Zealand

Workshop Schedule:

Start	End	Topic
-------	-----	-------

00:00	14:30	
-------	-------	--

ALL

S7 PREGNANCY AND FEMALE SEXUAL DYSFUNCTION

14:00 - 15:30, PARALLEL HALL 4, Podium Short Oral

Scientific Session Chairs:

Elisabetta Costantini, Urologist, University of Perugia, Italy

Kirsten Kluivers, Urogynaecologist, Radboud University Medical Center, Netherlands

Abstract Presentations:

Start	End	Abstract
-------	-----	----------

14:00	14:07	#49 Comparison of Human Placental Amniotic membrane and Oxidised Regenerated Cellulose as Graft Materials in McIndoe Vaginoplasty: Impact on Sexual Function Outcomes
-------	-------	---

RICHA VATSA, Urogynaecologist, All India Institute of Medical Sciences, New Delhi

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
14:07	14:15	#50 Lack of Content Validity in PROMs Assessing Quality of Life After Childbirth-Related Perineal Trauma: A COSMIN Systematic Review <i>Christina Pagkaki, Obstetrician & Gynaecologist, Epsom and St Helier University Hospitals NHS Trust, London, UK, Greece</i>
14:15	14:22	#51 Sexual Activity-Triggered Pain Crises and Sexual Dysfunction in Women with Sickle Cell Disease: A Prospective Study <i>Marcela Bardin, Obstetrics and Gynecology Department, Campinas University, Brazil</i>
14:22	14:30	#52 Pre-Pregnancy Underweight Is Associated with Fewer Overall Perineal Injuries but Increased Risk of Anal Sphincter Injury in Nulliparous Women <i>Yoav Baruch, Urogynaecologist, Lis Hospital for Women's Health, Tel Aviv Medical Center, Gray Faculty of Medicine, Tel Aviv University, Israel</i>
14:30	14:37	#53 Somatosensory phenotyping in women with persistent genital arousal disorder: a case-control study <i>Janneke Uhm, Urologist, Leiden University Medical Center, Urology, Netherlands</i>
14:37	14:45	#54 Predictors of therapeutic response and clinical success factors in bacterial immunoprophylaxis of UTIs in women <i>MF Lorenzo Gómez, University Hospital of Salamanca, Salamanca, Spain</i>
14:45	14:52	#55 Risk of long-term dyspareunia and sexual dysfunction after previous obstetric anal sphincter injuries (OASIS) <i>Kristine Aune Kilaas, University of Oslo, Oslo University Hospital</i>
14:52	15:00	#56 Gestational Weight Gain and Perineal and Anal Sphincter Injury in Nulliparous Women with Normal Pre-Pregnancy BMI: A Large Retrospective Cohort Study <i>Yoav Baruch, Urogynaecologist, Lis Hospital for Women's Health, Tel Aviv Medical Center, Gray Faculty of Medicine, Tel Aviv University, Israel</i>
15:00	15:07	#57 Experiences of Women with a History of Sexual Violence Undergoing Pelvic Floor Physical Therapy for Sexual Pain: A Qualitative Study <i>Marcela Grigol Bardin, Obstetrics and Gynecology Department, Campinas University, Brazil</i>
15:07	15:15	#58 Coital urinary incontinence in women with urinary incontinence: frequency and associated factors <i>Ana Carolina Sartorato Beleza, Physiotherapist, Federal University of São Carlos - Brazil</i>
15:15	15:22	#59 Marked Decline in Female Sexual Function from Pregnancy to Postpartum and Strong Association with Psychosocial Factors: A Prospective Longitudinal Study <i>Emilio J Davila Alvarez, Gynaecologist, Hospital Militar Escuela Dr. Alejandro Davila Bolaños Managua, Nicaragua</i>
15:22	15:30	#60 Comparative Risk of Levator Ani Muscle Avulsion Across Modes of Delivery <i>Ali Charousaei, Faculty of Pharmacy & Pharmaceutical sciences, Tehran Medical science, Islamic Azad University, Tehran, Iran</i>

W16 FREE: TACKLING CHALLENGING CASES IN FECAL INCONTINENCE THROUGH MULTIDISCIPLINARY EXPERTISE: A PELVIC FLOOR DISORDERS CONSORTIUM AND ICS WORKSHOP

14:00 - 15:30, PARALLEL HALL 5, Workshop

Workshop Chair: Craig Olson, Colorectal Surgeon, Section of Colorectal Surgery, Department of Surgery, University of Texas Southwestern, Dallas, Texas., United States

Workshop Speakers:

Alison Hainsworth, Early Career Professional, Guys' and St Thomas' Hospital, United Kingdom

Lameese Tabaja, Colorectal Surgeon, United Arab Emirates

Shannon Leigh Wallace, Urogynaecologist, Cleveland Clinic Hospital, United States

Workshop Schedule:

Start	End	Topic
14:00	14:10	Welcome and Introduction: What is the Pelvic Floor Disorders Consortium <i>Craig Olson, Colorectal Surgeon, Section of Colorectal Surgery, Department of Surgery, University of Texas Southwestern, Dallas, Texas., United States</i>
14:10	14:25	Interactive Case 1: Evaluation of the Patient with Fecal Incontinence and Obstructive Defecation Complaints <i>ALL</i>
14:25	14:35	The FIOD Symptom Complex: Recognizing a Common Presentation <i>Alison Hainsworth, Early Career Professional, Guys' and St Thomas' Hospital, United Kingdom</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
14:35	14:50	Interactive Case 2: Managing the FI Patient with Internal Rectal Prolapse <i>ALL</i>
14:50	15:00	The Evolving Pelvic Floor Disorders Consortium Consensus: How Should we Manage Internal Rectal Prolapse <i>Lameese Tabaja, Colorectal Surgeon, United Arab Emirates</i>
15:00	15:15	Interactive Case 3: Managing Fecal Incontinence after Acute OASIS (Obstetric Anal Sphincter Injury) <i>ALL</i>
15:15	15:25	Team Based Care: The Multidisciplinary Management of Fecal Incontinence <i>Shannon Leigh Wallace, Urogynaecologist, Cleveland Clinic Hospital, United States</i>
15:25	15:30	Closing Remarks and Key Takeaways <i>Craig Olson, Colorectal Surgeon, Section of Colorectal Surgery, Department of Surgery, University of Texas Southwestern, Dallas, Texas., United States</i>

ICI6 BASELINE MEASUREMENTS AND OUTCOME ASSESSMENTS

14:20 - 14:30, PARALLEL HALL 2, ICI Committee Report

Speaker: Nikki Cotterill, Nurse, UWE/Bristol Urological Institute, United Kingdom

S8 BEST OF CONSERVATIVE MANAGEMENT

14:30 - 15:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

Hanny Cobussen-Boekhorst, Nurse, Radboudumc, Netherlands

Paula Igualada Martinez, Brunel University, Spain

Abstract Presentations:

Start	End	Abstract
14:30	14:37	#61 Pad weight gain in continent females performing a standardized, treadmill-based pad test: test-retest reliability and effect of environmental conditions <i>Marina Petter Rodrigues, Physiotherapist, University of Ottawa, Brazil</i>
14:37	14:45	#62 Comparing elastography-derived pelvic floor strain parameters in women with provoked vestibulodynia and pain-free controls: new insights into pelvic floor mechanical properties <i>Malgorzata STARZEC-PROSERPIO, Physiotherapist, Centre of Postgraduate Medical Education (CMKP) in Warsaw, Canada</i>
14:45	14:52	#63 Digital Multimodal Physiotherapy for Pelvic Floor Muscle Relaxation: Patient-Reported Outcomes and Real-World Implementation <i>Aoibhín McGreal, Vie Physio, Specialist Pelvic Health Physiotherapy Clinic, Naas, Ireland</i>
14:52	15:00	#64 Voiding recovery after long-term catheterization in functionally dependent elderly patients: a nurse-led catheter removal pathway study <i>Yoshitaka Aoki, Nagoya City University Mirai Kousei Hospital</i>
15:00	15:07	#65 Effectiveness of electrostimulation with conservative treatment for lower urinary tract symptoms in Parkinson's disease: A three-armed randomized controlled trial. <i>Dorien Bennink, Physiotherapist, Department of Urology, Leiden University Medical Center, Leiden, The Netherlands</i>
15:07	15:15	#66 Cost-effectiveness analysis of reusable versus single-use catheters in intermittent catheterisation for urinary retention: a prospective, randomised, multicentre study (COMPaRE) <i>Coen Huibert Harry Christiaans, Clinical Researcher, Erasmus MC, Netherlands</i>
15:15	15:22	#67 Effects of Pelvic Floor Muscle Training on Vaginal Lactic Acid, pH, and Temperature in Women With and Without Vulvovaginitis: A Clinical Study <i>Marcela Grigol Bardin, Obstetrics and Gynecology Department, Campinas University, Brazil</i>
15:22	15:30	#68 Does Age or BMI Influence Quantitative Sensory Discrimination Assessment of Somatosensory Function? <i>Nicole Hodges, Physiotherapist, Methodist University, United States</i>

S9 CLINICAL NEUROUROLOGY

14:30 - 15:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Jian Guo Wen, Paediatric Urologist, First Affiliated Hospital of Zhengzhou University,, China

Sanjay Sinha, Urologist, Apollo Hospital, Hyderabad, India

Unconfirmed Session Chair: Kadir Onem, Urologist, Medicalpark Hospital, Turkey

Abstract Presentations:

Start	End	Abstract
14:30	14:37	#69 Safety and efficacy of EG110A, a novel gene therapy, in adults with spinal cord injury who experience neurogenic detrusor overactivity and urinary incontinence: interim results from a phase 1b/2a trial <i>Evgeniy Kreydin, Urologist, Rancho Los Amigos National Rehabilitation Center, United States</i>
14:37	14:45	#70 Recurrent Symptomatic Urinary Tract Infection Episodes Before and After Bacterial Autovaccine Treatment in Adults with Chronic Spinal Cord Injury <i>Juliana Andrea Escobar Castaño, Hospital Nacional de Paraplégicos de Toledo, Spain</i>
14:45	14:52	#71 Brain mechanisms involved in Urgency Urinary Incontinence: fMRI baseline data <i>Becky Clarkson, Research Scientist, University of Pittsburgh, Pittsburgh, PA, USA, United States</i>
14:52	15:00	#72 Neurological Severity, Not Injury Level, Predicts High-Risk Bladder Dysfunction at Initial Urodynamic Assessment After Traumatic Spinal Cord Injury <i>Vasileios Sakalis, Urologist, Department of Urology, Hippokrateion Hospital of Thessaloniki, Greece</i>
15:00	15:07	#73 Early Sacral Neuromodulation to control neuroplasticity and neurogenic bladder overactivity in complete spinal cord injured patients. Preliminary results of a prospective observational study. <i>Marco Agnello, Neurourologist, Neuro-Urology - Department of Surgical Sciences - AOU Città della Salute e della Scienza di Torino, Italy</i>
15:07	15:15	#74 Ecosystem-Level Changes in the Urinary Microbiome of Neurogenic Bladder Patients: Beyond Single Pathogens <i>Giuseppe Ciavarella, Urologist, Urological clinic - AOU Policlinico Riuniti - University of Foggia, Italy</i>
15:15	15:22	#75 NBSS DOMAIN SCORES AS CLINICAL MARKERS OF KEY VIDEOURODYNAMIC FINDINGS IN NEUROGENIC BLADDER <i>Ihsan Batuhan Demir, Department of Urology, Hacettepe University Faculty of Medicine, Hacettepe University Hospital</i>
15:22	15:30	#76 OnabotulinumtoxinA versus AbobotulinumtoxinA for Neurogenic Detrusor Overactivity: Comparative Clinical, Urodynamic and Durability Outcomes in a Real-World Cohort <i>Apostolos Apostolidis, Neurourologist, Aristotle University of Thessaloniki, Greece</i>

SPT2 SIUD LECTURE - THE USE OF URODYNAMICS IN OAB. THE VIEW OF SIUD

15:00 - 15:30, PLENARY HALL 1, Spotlight On

Speaker: Alessandro Giammò, Urologist, Dept. of Neuro-Urology, CTO-Spinal Unit Hospital, Turin, Italy

COFFEE BREAK & EXHIBITION

15:30 - 16:00, Coffee Break

ICI5 URODYNAMIC TESTING

15:30 - 16:00, PARALLEL HALL 2, ICI Committee Report

Speaker: Sanjay Sinha, Urologist, Apollo Hospital, Hyderabad, India

S103 OPEN DISCUSSION EPOSTERS

15:30 - 16:00, EXHIBITION HALL, Open Discussion

ePoster Station Chairs:

Craig Comiter, Urologist, Stanford University, United States
Dragana Dragan Zivkovic, Paediatric Urologist, University of Novi Sad, Serbia
Emre Huri, Urologist, Hacettepe University, Turkey
Kadir Onem, Urologist, Medicalpark Hospital, Turkey
Martin Christian Michel, Pharmacologist, Johannes Gutenberg University, Germany
Michel Wyndaele, Urologist, UMC Utrecht, Belgium
William Robert Gibson, Geriatrician, University of Alberta, Canada

LL5 LIVE LOUNGE 5

15:40 - 16:00, ICS LIVE LOUNGE, Live Lounge

RT4 MIST FOR BENIGN PROSTATIC ENLARGEMENT: HOW TO SELECT, HOW TO INFORM

16:00 - 17:00, PLENARY HALL 1, Round Table Discussion

Chairs:

Gommert A van Koeveeringe, Urologist, Maastricht University Medical Center+, Netherlands
Salvador Arlandis Guzmán, Urologist, University of Valencia, Spain

Speakers:

Cosimo De Nunzio, Urologist, Faculty of Medicine and Psychology, Sapienza University of Rome, Italy
Dean Elterman, Urologist, University of Toronto, Canada
Jorge Alberto Mora Christian, UD UNIT OF UROLOGIA CLINICA IMQ ZORROTZAURRE, Spain
Riccardo Giuseppe Bertolo, Urologist, AOUI Verona, Borgo Trento Hospital, University of Verona, Italy

ICI7 ASSESSMENT AND MANAGEMENT OF URINARY INCONTINENCE IN CHILDREN

16:00 - 16:30, PARALLEL HALL 2, ICI Committee Report

Speaker: Giovanni Mosiello, Department of Nephrology and Urology at Bambino Gesù Children's Hospital and Research Institute, Italy

S10 MALE LUTS BEYOND THE PROSTATE

16:00 - 17:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Gommert A van Koeveeringe, Urologist, Maastricht University Medical Center+, Netherlands
Karl-Dietrich Sievert, Urologist, Klinikum Lippe, Germany

Abstract Presentations:

Start	End	Abstract
16:00	16:07	#77 Urinary miR-1273g-3p as a Non-Invasive Biomarker for Pure Detrusor Underactivity <i>Masahiro Tachibana, Urologist, Department of Urology, Faculty of Medicine, Fukuoka University, Fukuoka, Japan</i>
16:07	16:15	#78 Bladder remodeling and reversibility after relief of partial bladder outlet obstruction in a rat model <i>Kanako Matsuoka, Urologist, Department of Urology, University of Pittsburgh School of Medicine, Japan</i>
16:15	16:22	#79 Dysregulation of Soluble Guanylate Cyclase Subunit Expression in Benign Prostatic Hyperplasia and its Amelioration by Cinaciguat <i>Youko Ikeda, Research Scientist, University of Pittsburgh, United States</i>
16:22	16:30	#80 A multicenter, quantitative validation study of the new, simplified, patient co-created LUTS questionnaire, the Dutch Reduced Illustrated Prostate Symptom Score (DRIPSS), in 1,636 male LUTS patients <i>F.W.M. Schlatmann, Urologist, Department of Urology, University Medical Center Groningen, the Netherlands</i>
16:30	16:37	#81 Impact of Visceral Fat Dysfunction on Prostate Enlargement and Lower Urinary Tract Symptoms <i>Kosuke Tominaga, Urologist, Department of Urology, Faculty of Medicine, Fukuoka University, Fukuoka, Japan</i>
16:37	16:45	#82 Predicting the Subtypes of Bladder Outlet Dysfunction in Men with Lower Urinary Tract Symptoms Using Noninvasive Diagnostic Tools <i>Tien-Lin Chang, Urologist, Department of Urology, Hualien Tzu Chi Hospital, Buddhist Tzu Chi Medical Foundation and Tzu Chi University, Hualien</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
16:45	16:52	#83 Autologous Live Cultured Buccal Epithelial Cell Implantation Following DVIU for Bulbar Urethral Strictures: Prospective 24 Month Outcomes <i>Srujan Dharap, Early Career Professional, AIIMS Bhubaneswar, India</i>
16:52	17:00	#84 Digital therapy for male LUTS: a pilot study demonstrating high engagement and symptom improvement <i>Lola Bladt, Engineer, Department of Product Development, Faculty of Design Sciences, University of Antwerp, Belgium</i>
17:00	17:07	#85 Predictors of Response to Pelvic Floor Muscle Training with Urgency Suppression Added to Silodosin in Men with Benign Prostatic Hyperplasia and Overactive Bladder <i>Magdalena Hagovska, Department of Physiatry, Balneology, and Medical Rehabilitation, Institution - Faculty of Medicine, PJ Safarik University, Kosice, Slovak Republic</i>
17:07	17:15	#86 Comparative Impact of Surgical De-obstruction (TURP) and Uroselective α 1A-Adrenoceptor Blockade on Autonomic Function and Symptomatic Relief in Benign Prostatic Hyperplasia: A Prospective Propensity-Matched Analysis <i>Yi-An Lai, Urology Department, Chung Shan Medical University Hospital, Taichung</i>
17:15	17:22	#87 Functional Outcomes After HoLEP in Patients With Detrusor Underactivity: A Prospective Study With Exploratory Assessment of Preoperative Bladder Contractility Index <i>JUAN FRANCISCO MONZÓN-FALCONI, UROCLINICA BARCELONA/CENTRO MEDICO TEKNON, Mexico</i>
17:22	17:30	#88 Correlation of the UDI-6 and AUA Symptom Score in Male Patients With Lower Urinary Tract Symptoms <i>Shreya Patel, Other, Albany Medical Center Department of Urology, United States</i>

EARLY CAREER PROFESSIONALS SESSION

16:00 - 17:30, PARALLEL HALL 4, Committee Activity

W17 IUGA - PESSARY WORKSHOP

16:00 - 17:30, PARALLEL HALL 5, Workshop

Workshop Chair: Jennifer King, Urogynaecologist, Westmead Hospital, Australia

Workshop Speakers:

Danii Paterson, Obstetrician & Gynaecologist, St John of God Murdoch Hospital, Australia

J. Oliver Daly, Urogynaecologist, Western Health, Australia

Lucy Bates, Urogynaecologist, The Pelvic Floor Unit, Westmead Hospital, Australia

Rohna Kearney, Urogynaecologist, St Mary's Hospital, Central Manchester Foundation Trust, United Kingdom

Workshop Schedule:

Start	End	Topic
16:00	16:10	Introduction & Learning Objectives: Welcome, workshop overview, participant expectations, Brief history of pessary use <i>Jennifer K King, Urogynaecologist, Westmead Hospital, Australia, Lucy Bates, Urogynaecologist, The Pelvic Floor Unit, Westmead Hospital, Australia, Danii Paterson, Obstetrician & Gynaecologist, St John of God Murdoch Hospital, Australia, J. Oliver Daly, Urogynaecologist, Western Health, Australia</i>
16:10	16:20	Contemporary Clinical Practice: Types of pessaries, fitting principles insertion and removal videos, Changes in materials/designs, role of self-management <i>Jennifer K King, Urogynaecologist, Westmead Hospital, Australia, Lucy Bates, Urogynaecologist, The Pelvic Floor Unit, Westmead Hospital, Australia, Danii Paterson, Obstetrician & Gynaecologist, St John of God Murdoch Hospital, Australia, J. Oliver Daly, Urogynaecologist, Western Health, Australia</i>
16:20	16:30	Efficacy, Duration of Use & Complications: Indications and contraindications, frequency of review/cleaning/change, documentation and follow-up pathways long-term use considerations, common complications, troubleshooting and risk reduction strategies, and role of vaginal topical oestrogen <i>Jennifer K King, Urogynaecologist, Westmead Hospital, Australia, Lucy Bates, Urogynaecologist, The Pelvic Floor Unit, Westmead Hospital, Australia, Danii Paterson, Obstetrician & Gynaecologist, St John of God Murdoch Hospital, Australia, J. Oliver Daly, Urogynaecologist, Western Health, Australia</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
16:30	16:40	Expanding Roles of Pessaries: Pre-operative diagnostic use, post-partum prophylactic use, management of early prolapse, considerations during pregnancy <i>Jennifer K King, Urogynaecologist, Westmead Hospital, Australia, Lucy Bates, Urogynaecologist, The Pelvic Floor Unit, Westmead Hospital, Australia, Danii Paterson, Obstetrician & Gynaecologist, St John of God Murdoch Hospital, Australia, J. Oliver Daly, Urogynaecologist, Western Health, Australia</i>
16:40	17:25	Case-Based Discussion & Practical Scenarios: Interactive cases covering fitting decisions, self-management suitability, complication management, and counselling approaches <i>Jennifer K King, Urogynaecologist, Westmead Hospital, Australia, Lucy Bates, Urogynaecologist, The Pelvic Floor Unit, Westmead Hospital, Australia, Danii Paterson, Obstetrician & Gynaecologist, St John of God Murdoch Hospital, Australia, J. Oliver Daly, Urogynaecologist, Western Health, Australia</i>
17:25	17:30	Key Takeaways & Questions: Summary of clinical pearls, resources, discussion and evaluation <i>ALL</i>

S11 TECHNOLOGIES AND DEVICES

16:30 - 17:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

Bary Berghmans, Epidemiologist, Pelvic care Center Maastricht University Hospital Maastricht, Netherlands

Donna Zimmaro Bliss, Nurse, University of Minnesota, United States

Abstract Presentations:

Start	End	Abstract
16:30	16:37	#89 A New Era in Education: Evaluation of the Fidelity and Perceived Educational Value of a Female Pelvic Floor Simulation, PelviSim. <i>Joanna Wojtas, Physiotherapist, Department of Gynecology, Obstetrics and Neonatology, Medical University of Gdansk, Gdansk, Poland</i>
16:37	16:45	#90 Evaluation of Outer vs Inner Perineum Surface EMG for Wearable Pelvic Floor Muscle Assessment: A Clinical Feasibility Study <i>Komal Shah, Engineer, Indian Institute of Science, Bangalore, and Periwinkle Labs Pvt Ltd, Bangalore</i>
16:45	16:52	#91 First Clinical Evaluation of a Wearable Near-Infrared Device for Continuous Bladder Monitoring in Adult Neurogenic Lower Urinary Tract Dysfunction <i>Matthias Ponfick, Spinal Cord Injury Center Sana Rummelsberg</i>
16:52	17:00	#92 Direct Electrical Neurostimulation of the Bladder Wall in Short-term Chronic Canines: Safety and Functional Outcomes <i>Anagha U. Kotkar, Biomedical Engineer, Iota Biosciences, United States</i>
17:00	17:07	#93 Urodynamics in Early Spinal Cord Injury: Clinically Meaningful Impact on Bladder Management <i>Rose Khavari, Urologist, Houston Methodist Hospital, United States</i>
17:07	17:15	#94 Development and Validation of an Integrated Portable Uroflowmeter <i>Qi-Xiang Song, Surgeon, Renji Hospital, Shanghai Jiao Tong University School of Medicine, China</i>
17:15	17:22	#95 Robotic-Assisted Laparoscopic Surgery in Urogynecology and Gynecology: A Global Survey of Current Practice, Perceptions, Training and Educational Gaps <i>Mika Rabinovich, Other, Soroka University Medical Center, Israel</i>
17:22	17:30	#96 From Links to Answers: A Cross-Sectional Study of Tone, Readability, and Credibility in AI-Generated Versus Traditional Online Information for Urogynecologic Queries <i>Matan Friedman, Gynaecologist, E. Wolfson Medical Center, Israel</i>

SPT3 TCS LECTURE (TURKISH CONTINENCE SOCIETY) - WHY MEN PERSIST ON MEDICAL TREATMENT AFTER PROSTATIC SURGERY FOR BPH/BPE?

17:00 - 17:30, PLENARY HALL 1, Spotlight On

Chairs:

Ilker Sen, Urologist, Gazi University, Turkey

Tufan Tarcan, Urologist, Koç University, Turkey

Speakers:

Francisco Cruz Miranda Rodrigues, Urologist, Universidade do Porto, Portugal

Ömer Gülpinar, Urologist, Ankara University, Turkey

WELCOME RECEPTION IN EXHIBITION HALL

17:30 - 19:00, Social Event

ICI18 MANAGEMENT USING CONTINENCE PRODUCTS

17:30 - 18:00, PARALLEL HALL 2, ICI Committee Report

Speaker: Cathy Murphy, Nurse, University of Southampton, United Kingdom

LL6 LIVE LOUNGE 6

17:40 - 18:00, ICS LIVE LOUNGE, Live Lounge

LL7 LIVE LOUNGE 7

18:05 - 18:25, ICS LIVE LOUNGE, Live Lounge

EARLY CAREER PROFESSIONALS NIGHT OUT

19:00 - 20:00, Social Event

ICS COMMUNITY PARTY

20:00 - 23:59, Social Event

Thursday 8 October

SOA2 STATE OF THE ART LECTURE - PHARMACOLOGICAL CHANGES WITH AGEING IN THE LUT.

MARTIN MICHEL

08:30 - 09:00, PLENARY HALL 1, State of the Art Lecture

Chair: Anthony John Kanai, Pharmacologist, University of Pittsburgh, United States

Speaker: Martin Christian Michel, Pharmacologist, Johannes Gutenberg University, Germany

RT5 NEWS FROM NEUROMODULATION

09:00 - 10:00, PLENARY HALL 1, Round Table Discussion

Chairs:

Gommert A van Koeveringe, Urologist, Maastricht University Medical Center+, Netherlands

Philip Edward Van Kerrebroeck, Urologist, University Maastricht, Belgium

Speakers:

Ariana Leigh Smith, Female & Functional Urologist, University of Pennsylvania, United States

Deyi Luo, Urologist, Department of Urology/Institute of Urology, West China Hospital

John PFA Heesakkers, Urologist, Maastricht University Medical Centre, Netherlands

Stefan de Wachter, Urologist, Dept of Urology, University Hospital Antwerpen, Belgium

Stephanie Breukink, Colorectal Surgeon, Maastricht UMC+, Netherlands

25TH PHYSIOTHERAPY FORUM

09:00 - 12:30, PARALLEL HALL 2, Committee Activity

Chair: Paula Igualada Martinez, Brunel University, Spain

Speakers:

Benedetto Giardulli, Physiotherapist, University of Genova, Italy

Eugenie Evelynne Johnson, Health Services Researcher, University of Exeter, United Kingdom

Heidi FA Moossdorff-Steinhausser, Physiotherapist, Maastricht University, Netherlands

Liesbet Lauwereins, Physiotherapist, KU Leuven, Belgium

Linda Mclean, Physiotherapist, University of Ottawa, Canada

Lisanne Knol, Physiotherapist, University of Groningen, Netherlands

Malgorzata (Gosia) Starzec-Proserpio, Physiotherapist, Centre of Postgraduate Medical Education (CMKP) in Warsaw, Canada

Marina Petter Rodrigues, Physiotherapist, University of Ottawa, Brazil

Melanie Morin, Physiotherapist, University of Sherbrooke, Canada

Montserrat Rejano-Campo, Physiotherapist, Institut Universitaire de Gériatrie de Montréal (IUGM), Canada

Sabine Vesting, Physiotherapist, Faculty of Health Sciences, School of Rehabilitation Sciences, University of Ottawa, Ottawa, Canada, Sweden

Sinéad Patricia Dufour, Physiotherapist, McMaster University, Canada

ICI8 CONSERVATIVE MANAGEMENT OF URINARY INCONTINENCE IN ADULTS

09:00 - 09:30, PARALLEL HALL 4, ICI Committee Report

Speaker: Chantale L Dumoulin, Physiotherapist, University of Montreal, Canada

S12 POP, INCONTINENCE AND IMAGING

09:00 - 10:30, PARALLEL HALL 4, Podium Short Oral

Scientific Session Chairs:

Hidehiro Kakizaki, Urologist, Hokkaido Memorial Hospital of Urology, Japan

Luis López-Fando Lavalle, Clinical Hospital San Carlos. Madrid, Spain

Steven E Schraffordt Koops, Urogynaecologist, Department of Gynecology and Obstetrics, Meander Medical Centre, Amersfoort, The Netherlands

Abstract Presentations:

Start	End	Abstract
09:00	09:07	#97 Complications and Effectiveness at 3 Years in Women Treated for Pelvic Organ Prolapse with Transvaginal Mesh Repair: A Cohort Study from the PRIMES Registry <i>Shuo Liang, Department of Obstetrics and Gynaecology, National Clinical Research Centre for Obstetric & Gynaecologic Diseases, State Key Laboratory of Common Mechanism Research of Major Diseases, Peking Union Medical College Hospital, Chinese Academy of Medical Sciences and Peking Union Medical College, 100730 Beijing, China.</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
09:07	09:15	#98 The urogynaecologist versus prediction models for pelvic organ prolapse recurrence after surgery: who performs better? <i>Imke Kessels, Urogynaecologist, Zuyderland Medical Centre Heerlen, Netherlands</i>
09:15	09:22	#99 Differential Predictors of Regret in Younger vs Older Adults Undergoing Ventral Mesh Rectopexy: a 10-year Retrospective Cohort Analysis <i>Wai Miu Emma Liu, Other, King's College London, United Kingdom</i>
09:22	09:30	#100 Prognostic Factors and Long-Term Outcomes Following Transvaginal Partially Absorbable Minimesh Repair for Pelvic Organ Prolapse <i>Ronen Gold, Obstetrician & Gynaecologist, Lis Hospital for Women's Health, Tel Aviv Medical Center, Gray Faculty of Medicine, Tel Aviv University, Israel</i>
09:30	09:37	#101 Nine-Year Follow-Up of Robotic vs Laparoscopic Sacrocolpopexy: Evidence from a Randomized Trial <i>Ester Illiano, Andrological and Urogynecological Clinica, Santa Maria della Misericordia Hospital, University of Perugia, Italy</i>
09:37	09:45	#102 A Simplified Evaluation Method for Pelvic Meshes Using the Rat Buccal Region: Focusing on the Effects of Shear Stress <i>Maki Nakata, Department of Obstetrics and Gynecology, Mitsui Memorial Hospital, 1 Kanda-Izumi-cho, Chiyoda-ku, Tokyo 101-8643, Japan</i>
09:45	09:52	#103 Potential impact of physical activity on pelvic floor morphometry and function: a systematic review of studies comparing physically active and less active populations <i>Marie-Pierre Cyr, Physiotherapist, Université de Montréal, Canada</i>
09:52	10:00	#104 MRI-based quantitative comparison of vaginal arcoculposuspension and Burch culposuspension: evidence for distinct support mechanisms <i>Ahmet Ozgur Yeniel, Obstetrician & Gynaecologist, Soranus ARGE ve Danismanlik Hiz. San. Tic. A.S., Turkey</i>
10:00	10:07	#105 Neuromuscular Effects of an Over-the-Counter Vaginal Support Device: A Mechanistic Evaluation in Asymptomatic Women <i>Hope Padgett, Baylor University</i>
10:07	10:15	#106 Access Before Anatomy: A Data-Driven Algorithm for Vesicovaginal Fistula Repair Route Selection <i>Ankur Mittal, Female & Functional Urologist, All India Institute of Medical Sciences, Rishikesh</i>
10:15	10:22	#107 Pelvic physical therapists' perspectives on stress urinary incontinence care: barriers, effectiveness and patient selection <i>Danielle van Reijn, LUMC</i>
10:22	10:30	#108 Concurrent validity of two methods used to measure bladder neck height, levator plate angle and anorectal junction height from two-dimensional transperineal ultrasound video clips. <i>Linda McLean, Physiotherapist, University of Ottawa, Canada</i>

W18 SEXUAL TRAUMA AND LUTS

09:00 - 10:30, PARALLEL HALL 5, Workshop

Workshop Chair: Jalesh N. Panicker, Urologist, The National Hospital for Neurology and Neurosurgery and UCL Institute of Neurology, United Kingdom

Workshop Speakers:

Caroline Selai, Psychologist, United Kingdom

Desiree Vrijens, Urologist, Maastricht University Medical Centre, Netherlands

Natalia Vasquez, Physiotherapist, United Kingdom

Workshop Schedule:

Start	End	Topic
09:00	09:05	Introduction <i>Jalesh N. Panicker, Urologist, The National Hospital for Neurology and Neurosurgery and UCL Institute of Neurology, United Kingdom</i>
09:05	09:20	Mechanisms underpinning LUTS following sexual trauma <i>Jalesh N. Panicker, Urologist, The National Hospital for Neurology and Neurosurgery and UCL Institute of Neurology, United Kingdom</i>
09:20	09:40	Pelvic floor changes and impact on LUTS <i>Natalia Vasquez, Physiotherapist, United Kingdom</i>
09:40	10:00	Challenges faced in a urology clinic <i>Desiree Vrijens, Urologist, Maastricht University Medical Centre, Netherlands</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
10:00	10:20	Disclosure of sexual trauma- how to manage <i>Caroline Selai, Psychologist, United Kingdom</i>
10:20	10:30	Questions

S13 NOVEL EXPERIMENTAL MODELS

09:30 - 10:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Christopher Henry Fry, Physiologist, University of Bristol, United Kingdom

Mathijs de Rijk, Neuroscientist, Faculty of Health, Medicine and Life Sciences, Maastricht University, Netherlands

Abstract Presentations:

Start	End	Abstract
09:30	09:37	#109 Title: Nanopatterned Adhesive Hydrogel to Control Ligand Spacing and Regulate human Bladder Smooth Muscle Cell (hBSMC) Phenotype <i>Ge Yang, Department of Urology, Institute of Urology, West China Hospital, Sichuan University, Chengdu, Sichuan, P.R. China</i>
09:37	09:45	#110 Hydrogel Scaffold with Endometrial Mesenchymal Stem Cells Mitigates Maternal Birth Injury in a Preclinical Ovine Model <i>David Hennes, Early Career Professional, Monash University, Australia</i>
09:45	09:52	#111 Inhibition of rat prostate cell proliferation by proneurotrophins <i>Lysanne Campeau, Urologist, Lady Davis Institute for Medical Research, Canada</i>
09:52	10:00	#112 Altered dopamine receptor-mediated urethral continence mechanisms in a rat model of Parkinson's disease <i>Kota Kawase, Department of Urology, Gifu Graduate School of Medicine, Gifu, Japan</i>
10:00	10:07	#113 A Preclinical Model of Perimenopause Reveals Early Functional Changes in Bladder Physiology <i>Elouise Tye, Centre for Urology Research, Bond University, Queensland, Australia</i>
10:07	10:15	#114 Comparative biomechanical study between healthy and fibrotic human urethra <i>Isabelle Martinier, Research Scientist, Department of Urology, University Medical Center Utrecht, Utrecht, The Netherlands</i>
10:15	10:22	#115 Tibial nerve stimulation improves bladder dysfunction after pelvic nerve injury through suppression of the Piezo1/NLRP3 pathway <i>Xingchen Liu, Xinyang Central Hospital</i>
10:22	10:30	#116 Chronic Bladder Ischemia Increases C-Fiber Activity in a Newly Developed Female Rat Model <i>Naoki Aizawa, Research Scientist, Department of Pharmacology and Toxicology, Dokkyo Medical University School of Medicine, Tochigi, Japan.</i>

SPT4 INUS LECTURE - NOCTURIA IN NEUROLOGICAL DISEASE: AN INTERDISCIPLINARY CHALLENGE

10:00 - 10:30, PLENARY HALL 1, Spotlight On

Speaker: Jalesh N. Panicker, Uroneurologist, The National Hospital for Neurology and Neurosurgery and UCL Institute of Neurology, United Kingdom

COFFEE BREAK & EXHIBITION

10:30 - 11:00, Coffee Break

ICI9 PHARMACOLOGICAL TREATMENT OF URINARY INCONTINENCE

10:30 - 11:00, PARALLEL HALL 4, ICI Committee Report

Speaker: Christopher R Chapple, Urologist, The Royal Hallamshire Hospital, United Kingdom

S104 OPEN DISCUSSION EPOSTERS

10:30 - 11:00, EXHIBITION HALL, Open Discussion

ePoster Station Chairs:

Alex Digesu, Urogynaecologist, Department of Urogynaecology, St. Mary's Hospital, Imperial College London, United Kingdom
Craig Comiter, Urologist, Stanford University, United States
Giovanni Mosiello, Department of Nephrology and Urology at Bambino Gesù Children's Hospital and Research Institute, Italy
Irina V Zabbarova, Medical Researcher, University of Pittsburgh, United States
Kadir Onem, Urologist, Medicalpark Hospital, Turkey
Said Yaiesh, Urologist, Jaber Al Ahmad Hospital, Kuwait City, Kuwait
Tariq Faisal Al-Shaiji, Urologist, Al-Amiri Hospital in Kuwait City, Kuwait

LL8 LIVE LOUNGE 8

10:40 - 11:00, ICS LIVE LOUNGE, Live Lounge

ICS CHILDREN'S COMMITTEE - TRANSITION FROM PAEDIATRIC TO ADULT CARE

11:00 - 11:30, PLENARY HALL 1, Committee Activity

Chair: Dragana Dragan Zivkovic, Paediatric Urologist, University of Novi Sad, Serbia

Members:

Biljana Kennaway, Physiotherapist, BKennaway Physiotherapy & Pilates, Switzerland
Giovanni Mosiello, Department of Nephrology and Urology at Bambino Gesù Children's Hospital and Research Institute, Italy
Jenniffer Voelkl, Physiotherapist, Fisioterapeuta de piso pélvico Fundacion SANTAFE de Bogota, Colombia
Mai Ahmed Banakhar, Neurourologist, King Abdulaziz University, Saudi Arabia
Stephanie Kotes, Urologist, NZ Health, New Zealand
Tufan Tarcan, Urologist, Koç University, Turkey

SPT ESSIC GUIDELINES ON PBS/IC

11:00 - 11:30, PARALLEL HALL 3, Spotlight On

Speaker: Mauro Cervigni, Urogynaecologist, Catholic University, Italy

ICI11 SURGERY FOR URINARY INCONTINENCE IN WOMEN

11:00 - 11:30, PARALLEL HALL 4, ICI Committee Report

Speaker: Ariana Leigh Smith, Female & Functional Urologist, University of Pennsylvania, United States

S14 SURGICAL VIDEOS 2 - BOWEL, UROGYNAECOLOGY RECONSTRUCTION AND NEUROMODULATION

11:00 - 12:30, PARALLEL HALL 4, Podium Video

Scientific Session Chairs:

Emma Carrington, Colorectal Surgeon, Imperial College London, United Kingdom
Stephanie Breukink, Colorectal Surgeon, Maastricht UMC+, Netherlands

Abstract Presentations:

Start	End	Abstract
11:00	11:07	#117 Old Obstetric Cloacal Defect with atypical Presentation: Diet-Triggered Liquid Fecal Incontinence - Role of Combined Dietary Optimization and Surgical Reconstruction <i>Aashee Parganiha, Urogynaecologist, Urogyn elegance, India</i>
11:07	11:15	#118 Combined Robotic-Assisted Sacrocolpopexy and Ventral Rectopexy Using a Single Mesh <i>Natalia Hernandez-Bustos, Female & Functional Urologist, Doctors Hospital at Renaissance, United States</i>
11:15	11:22	#119 Robotic sacrocolpopexy mesh removal for rectovesical fistula <i>Alicia Blondeau, Urologist, CHRU Nancy, France</i>
11:22	11:30	#120 Robotic suburethral sling removal and bilateral pudendal nerve release: resolution of chronic pelvic pain and recurrent urinary tract infections <i>Lira Pelari Mici, Urologist, Urology, La Princesa University Hospital, Madrid, Spain</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
11:30	11:37	#121 A Novel 3D Sacral Neuromodulation–Surgical Planning (3DSNM-SP) Technique: Introducing a New Era in Neuromodulation Surgery <i>Emre HURI, Urologist, Hacettepe University, Turkey</i>
11:37	11:45	#122 Robotic Mitrofanoff Channel Creation Combined with Autologous Fascia Lata Sling in a Patient with Neurogenic Lower Urinary Tract Dysfunction <i>Ana Vidal-Brandt, Urologist, Centro Médico ABC, Mexico</i>
11:45	11:52	#123 Robotic-assisted enterocystoplasty with autologous sling for neurogenic bladder <i>Nour Khalil, Urologist, University of Saint-Joseph, Faculty of Medicine, Hotel-Dieu de France, Gynecology Department, Beirut, Lebanon</i>
11:52	12:00	#124 EARLY EXPERIENCE WITH ROBOT-ASSISTED LAPAROSCOPIC AUGMENTATION ILEOCYSTOPLASTY IN A SPINA BIFIDA PATIENT WITH CONGENITAL SOLITARY KIDNEY <i>Ada Grace Zapanta, Tan Tock Seng Hospital, Singapore</i>
12:00	12:07	#125 Robotic Repair of Vesico-Ureteral-Vaginal Fistula with Ureteral Ectopia in a Pediatric Patient with Complex Urogenital Malformation <i>Stefana Medan, University of Medicine and Pharmacy Iuliu Hatieganu, Urology, Cluj-Napoca, Romania</i>
12:07	12:15	#126 Transvaginal Reconstruction of Vesicourethrovaginal Fistula with Distal Ventral Urethral Loss Using Urethral Tubularisation and Martius Flap <i>ANKUR MITTAL, Female & Functional Urologist, All India Institute of Medical Sciences, Rishikesh</i>
12:15	12:22	#127 Urethral reconstruction with simultaneous repair of iatrogenic vesico-vaginal fistula <i>Bassem S. Wadie, Female & Functional Urologist, Urology and Nephrology Center, Mansoura University, Egypt</i>
12:22	12:30	#128 Complex Mesh Removal Surgery: Unexpected Ileal Infiltration of sub-urethral Sling <i>Fabienne Lehner, Urologist, Sorbonne université, Assistance Publique Hôpitaux de Paris, Tenon Hospital, Urology Department, Paris, France, Switzerland</i>

W19 FREE: HANDS-ON SACRAL NEUROMODULATION TRAINING WITH WORLD LEADING EXPERTS #1

11:00 - 12:30, PARALLEL HALL 5, Workshop

Workshop Chair: Howard B Goldman, Urologist, The Cleveland Clinic, United States

Workshop Speakers:

Deyi Luo, Urologist, Department of Urology/Institute of Urology, West China Hospital

Glenn T. Werneburg, Urologist, Cleveland Clinic, United States

Jacqueline Zillioux, Female & Functional Urologist, University of Virginia Health, United States

Marcio Augusto Averbeck, Urologist, Moinhos de Vento Hospital, Brazil

Sandip Vasavada, Urologist, Cleveland Clinic Glickman Urological and Kidney Institute, United States

Workshop Schedule:

Start	End	Topic
11:00	11:30	Introduction <i>ALL</i>
11:30	12:30	Hands on Training <i>ALL</i>

S15 PAEDIATRICS

11:30 - 12:30, PLENARY HALL 1, Podium Short Oral

Scientific Session Chairs:

Dragana Dragan Zivkovic, Paediatric Urologist, University of Novi Sad, Serbia

Giovanni Mosiello, Department of Nephrology and Urology at Bambino Gesù Children's Hospital and Research Institute, Italy

Abstract Presentations:

Start	End	Abstract
-------	-----	----------

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
11:30	11:37	#129 A System for the Validation and Development of Pediatric Uroflowmetry Devices <i>Anton van den Bedem, Early Career Professional, University Medical Center Utrecht, Netherlands</i>
11:37	11:45	#130 Development and Feasibility of a Metaverse-Based Program for Health Care Transition and Quality of Life in Adolescents with Spina Bifida: A Pilot Study <i>Eun Kyoung Choi, Nurse, College of Nursing and Mo-Im Kim Nursing Research Institute, Yonsei University, Seoul, South Korea; Yonsei Institute for Digital Health, Yonsei University, Seoul, South Korea, Korea, Republic of</i>
11:45	11:52	#131 Biofeedback and parasacral TENS combined with standard urotherapy improve outcomes in children with bladder and bowel dysfunction: a randomized study <i>Joceara Reis, Physiotherapist, Hospital Municipal Infantil Menino Jesus, Brazil</i>
11:52	12:00	#132 Safety and efficacy of trigonal BTX-A injections for children with neurological detrusor overactivity secondary to spinal cord injury. <i>Maping Huang, Urologist, Guangdong Provincial Work Injury Rehabilitation Hospital, China</i>
12:00	12:07	#133 STREAMWAY – Needs of adolescents with Lower Urinary Tract Symptoms (LUTS) transitioning from pediatric to adult care: a qualitative interview study <i>Mauro Van den Ende, Early Career Professional, University Hospital Ghent (Belgium)</i>
12:07	12:15	#134 When Children Won't Talk: Unlocking Bedwetting Stories Through Play and Creative Methods in Africa <i>Olivia Nyarko Mensah, Nurse, University of Port Harcourt, ACEPUTOR, Nigeria, Department of Midwifery, Kwame Nkrumah University of Science and Technology, Obuasi-Campus, Ghana</i>
12:15	12:22	#135 The Efficacy of Breathing-Combined Biofeedback Training in Children with Spina Bifida with Neurogenic Bladder and Bowel Dysfunction <i>Fatma Nur Erçetin, Physiotherapist, Hasan Kalyoncu University, Turkey</i>
12:22	12:30	#136 Efficacy and safety of intravesical botulin type A for children with refractory overactive bladder <i>Jianguo Wen, Paediatric Urologist, First Affiliated Hospital of Zhengzhou University,, China</i>

S16 FEMALE LUTS, SUI AND IMAGING

11:30 - 12:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Shannon Leigh Wallace, Urogynaecologist, Cleveland Clinic Hospital, United States

Wilbert Spaans, Urogynaecologist, Maastricht UMC+, Netherlands

Abstract Presentations:

Start	End	Abstract
11:30	11:37	#137 Factors associated with urinary incontinence in community-living adults: A population-based study using the Canadian Longitudinal Study on Aging <i>Melissa Northwood, Nurse, McMaster University, Canada</i>
11:37	11:45	#138 Time-related changes in ankle and hip energy absorption during running: a comparison between continent and incontinent female runners <i>Natália Campos, Physiotherapist, University of Minas Gerais, Brazil</i>
11:45	11:52	#139 PHENOTYPIC CLASSIFICATION OF RECURRENT CYSTITIS BASED ON URINARY AND VAGINAL MICROBIOME WITH CYTOKINE CORRELATES <i>Natalia Galkina, Urologist, Penza State University, Russian Federation</i>
11:52	12:00	#140 One-year outcome of a novel combined treatment for underactive bladder: transurethral incision of the bladder neck and ultrasound-guided botulinum toxin A injection <i>Wei-An Chen, Urologist, Department of Urology, China Medical University Hospital</i>
12:00	12:07	#141 Automated Pelvic Floor Ultrasound Analysis: A Deep Learning Approach <i>Iman Khowailed, Department of Physiotherapy, College of Health Sciences, University of Sharjah, Sharjah 27272, United Arab Emirates.</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
12:07	12:15	#142 Validation of a sex-inclusive patient-reported outcome measure for evaluating lower urinary tract symptoms: The ICIQ-LUTS <i>Kathryn Jones, Clinical Researcher, Bristol Urological Institute, North Bristol NHS Trust, Southmead Hospital, United Kingdom</i>
12:15	12:22	#143 Does Onabotulinum A toxin injection (Botox) associated Bladder infection (UTI) impair outcome in Overactive Bladder (OAB)? Evidence from a large real-world observational cohort. <i>Jane Manning, Urogynaecologist, Nepean Blue Mountains Local Health District, Australia</i>
12:22	12:30	#144 Histopathological Scoring and symptom severity as a predictor of treatment failure in Female Urethral Stricture Disease: A Prospective Observational study <i>SAMBIT TRIPATHY, Urologist, ALL INDIA INSTITUTE OF MEDICAL SCIENCES, BHUBANESWAR, ODISHA, INDIA - 751019, India</i>

LUNCH, EXHIBITION & INDUSTRY SYMPOSIA

12:30 - 14:00, Lunch

PHYSIOTHERAPY LUNCH

12:30 - 14:00, PARALLEL HALL 2, Lunch

ICI10 SURGERY FOR URINARY INCONTINENCE IN MEN

12:30 - 13:00, PARALLEL HALL 5, ICI Committee Report

Speaker: Marcio Augusto Averbeck, Urologist, Moinhos de Vento Hospital, Brazil

S105 OPEN DISCUSSION EPOSTERS

12:30 - 14:00, EXHIBITION HALL, Open Discussion

ePoster Station Chairs:

Alex Digesu, Urogynaecologist, Department of Urogynaecology, St. Mary's Hospital, Imperial College London, United Kingdom

Artem Loktev, Urologist, Fomin Clinic, Moscow, Russia, Russian Federation

Dick A.W. Janssen, Medical Researcher, dept. of Urology; Radboud University Nijmegen Medical Centre, Netherlands

Emmanuel Jean Chartier-Kastler, Urologist, Hôpital Pitié Salpêtrière, France

Emre Huri, Urologist, Hacettepe University, Turkey

Kadir Onem, Urologist, Medicalpark Hospital, Turkey

Laura Pelizzari, Physical Medicine and Rehabilitation, AUSL Piacenza, Italy

Magdalena Emilia Grzybowska, Gynaecologist, Medical University of Gdansk, Poland

MARILENA GUBBIOTTI, Urogynaecologist, Santa Maria la Gruccia Hospital, Arezzo, Italy

Michel Wyndaele, Urologist, UMC Utrecht, Belgium

Nicholas A Faure Walker, Urologist, Epsom Hospital, United Kingdom

Roger Roman Dmochowski, Urologist, Vanderbilt University School of Medicine, United States

Ryuji Sakakibara, Neuroscientist, Neurology Clinic Tsudanuma, Japan

Said Yaiesh, Urologist, Jaber Al Ahmad Hospital, Kuwait City, Kuwait

LL9 LIVE LOUNGE 9

12:40 - 13:00, ICS LIVE LOUNGE, Live Lounge

ICI12 ASSESSMENT (INCLUDING NEUROPHYSIOLOGICAL TESTING) AND MANAGEMENT OF URINARY INCONTINENCE IN NEUROLOGICAL PATIENTS

13:00 - 13:30, PARALLEL HALL 5, ICI Committee Report

Speaker: David Ginsberg, Urologist, University of Southern California, United States

LL10 LIVE LOUNGE 10

13:05 - 13:25, ICS LIVE LOUNGE, Live Lounge

ICI13 ASSESSMENT AND MANAGEMENT OF INCONTINENCE IN FRAIL OLDER ADULTS

13:30 - 14:00, PARALLEL HALL 5, ICI Committee Report

Speaker: Adrian Stuart Wagg, Geriatrician, University of Alberta, Canada

LL11 LIVE LOUNGE 11

13:30 - 13:50, ICS LIVE LOUNGE, Live Lounge

WHAT IS THE ROLE OF PELVIC PAIN IN THE ICS?

14:00 - 14:30, PLENARY HALL 1, Committee Activity

Chair: Elise Jaques Billings De, Urologist, Albany Medical Center, United States

Members:

Artem Loktev, Urologist, Fomin Clinic, Moscow, Russia, Russian Federation

Charles Argoff, Neuroscientist, Albany Medical College, United States

Deyi Luo, Urologist, Department of Urology/Institute of Urology, West China Hospital

Dick A.W. Janssen, Medical Researcher, dept. of Urology; Radboud University Nijmegen Medical Centre, Netherlands

Elizabeth R Shelly, Physiotherapist, Beth Shelly, PT, DPT, WCS, BCB-PMD, United States

Hawra Badri, Urogynaecologist, United Kingdom

Lindsey McKernan, Psychologist, United States

Lori A Birder, Neuroscientist, University of Pittsburgh, United States

Melanie Morin, Physiotherapist, University of Sherbrooke, Canada

Miklos Romics, Urologist, Semmelweis University, Dept. of Urology, Hungary

Nucelio L B M Lemos, Gynaecologist, University of Toronto - Women's College Hospital, Canada

Paul Hodges, Physiotherapist, University of Queensland, Australia

Philip Edward Bearn, Coloproctologist, Royal Holloway College, United Kingdom

Sula Windgassen, King's College London, United Kingdom

CURRENT INNOVATIONS IN MANAGEMENT OF FAECAL INCONTINENCE

14:00 - 14:30, PARALLEL HALL 2, Committee Activity

Chairs:

Alex Digesu, Urogynaecologist, Department of Urogynaecology, St. Mary's Hospital, Imperial College London, United Kingdom

Emma Carrington, Colorectal Surgeon, Imperial College London, United Kingdom

Members:

Adrian Stuart Wagg, Geriatrician, University of Alberta, Canada

AYSE KAYALI VATANSEVER, Physiotherapist, Bakırçay University, Turkey

Carlene Igbedioh, Nurse, Guys and St Thomas' Foundation Trust, United Kingdom

Deepa SOLANKI, Other, Guy's and St Thomas' NHS Foundation Trust, United Kingdom

Enrique III Mayoralgo Cruz, Nurse, Alfred Health, Australia

Eric Kurzrock, Urologist, United States

JUAN ANTONIO VILLANUEVA-HERRERO, Colorectal Surgeon, HOSPITAL GENERAL DE MEXICO "DR. EDUARDO LICEAGA", Mexico

Kuan-Yin Lin, Physiotherapist, National Taiwan University

Laura Pelizzari, Physical Medicine and Rehabilitation, AUSL Piacenza, Italy

Leila Neshatian, Gastroenterologist, Stanford University, United States

özdal Ersoy, Gastroenterologist, Arel University Faculty of Medicine, Turkey

NURSES FORUM

14:00 - 15:30, PARALLEL HALL 3, Committee Activity

ICI14 ASSESSMENT AND MANAGEMENT OF BLADDER PAIN SYNDROME

14:00 - 14:30, PARALLEL HALL 4, ICI Committee Report

Speaker: Sachin Malde, Urologist, Guy's and St Thomas' NHS Foundation Trust, United Kingdom

W20 FREE: HANDS-ON SACRAL NEUROMODULATION TRAINING WITH WORLD LEADING EXPERTS #2

14:00 - 15:30, PARALLEL HALL 5, Workshop

Workshop Chair: Hashim Hashim, Urologist, Bristol Urological Institute, United Kingdom

Workshop Speakers:

Arun Sahai, Urologist, Guy's Hospital, United Kingdom

Diana Carolina Ochoa Vargas, Southmead Hospital, Bristol, United Kingdom

Emre Huri, Urologist, Hacettepe University, Turkey

Gianluca Sampogna, Neuro-Urology, Unipolar Spinal Unit, Milan, Italy

Laura Thomas, Clinical Scientist, Bristol Urological Institute, North Bristol NHS Trust, United Kingdom

Paulina Bueno, North Bristol NHS Trust, Mexico

Salvador Arlandis Guzmán, Urologist, University of Valencia, Spain

ICS 2026 Maastricht Scientific Programme

Workshop Schedule:

Start	End	Topic
14:00	14:30	Introduction <i>ALL</i>
14:30	15:30	Hands on Training <i>ALL</i>

S18 PELVIC PAIN

14:30 - 15:30, PLENARY HALL 1, Podium Short Oral

Scientific Session Chairs:

Ana Charrua, Research Scientist, Faculty of Medicine University of Porto, Portugal

Dick A.W. Janssen, Medical Researcher, dept. of Urology; Radboud University Nijmegen Medical Centre, Netherlands

Lori A Birder, Neuroscientist, University of Pittsburgh, United States

Abstract Presentations:

Start	End	Abstract
14:30	14:37	#153 Single-cell transcriptomic analysis reveals fibroblast-driven epithelial remodeling in Hunner-type interstitial cystitis <i>Fumihiko Urabe, Urologist, Department of Urology, The Jikei University School of Medicine, Tokyo, Japan</i>
14:37	14:45	#154 Increased pelvic sensitivity in mice due to urothelial CYB5R3 deletion is alleviated with cinaciguat. <i>Irina Zabbarova, Medical Researcher, University of Pittsburgh, United States</i>
14:45	14:52	#155 A shared PVN-PAG glutamatergic neural pathway integrates pain and urinary frequency in interstitial cystitis <i>baojun gu, Department of Urology, Shanghai Sixth People's Hospital Affiliated to Shanghai Jiao Tong University School of Medicine, Shanghai, 200233, China.</i>
14:52	15:00	#156 Comparison of the effectiveness of the intravesical usage of alpha-linolenic acid and tarantula cubensis extract with hyaluronic acid in the pre-clinical chemical cystitis rat model <i>Ali Furkan Batur, Urologist, Department of Urology, Selcuk University School of Medicine, Konya, Turkey</i>
15:00	15:07	#157 Bladder mucosal afferents are key sensors of urinary tract infection <i>Luke Grundy, Research Scientist, Flinders University, Australia</i>
15:07	15:15	#158 Multi-omics analysis identifies a microbiota-bile acid-TLR signaling axis driving bladder injury in Hunner-type interstitial cystitis <i>Peng Liao, Urogynaecologist, Department of Urology, Institute of Urology, West China Hospital, Sichuan University, Chengdu, Sichuan, P.R. China</i>
15:15	15:22	#159 Analgesic effect of a soluble guanylate cyclase activator on a mouse model of acrolein-induced cystitis <i>Youko Ikeda, Research Scientist, University of Pittsburgh, United States</i>
15:22	15:30	#160 Targeted urothelial regeneration via organoid-based therapy in bladder injury <i>Liu Yuxin, Female & Functional Urologist, Department of Urology, Institute of Urology, West China Hospital, Sichuan University</i>

S19 BOWEL DYSFUNCTION

14:30 - 15:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

Alex Digesu, Urogynaecologist, Department of Urogynaecology, St. Mary's Hospital, Imperial College London, United Kingdom

Emma Carrington, Colorectal Surgeon, Imperial College London, United Kingdom

Stephanie Breukink, Colorectal Surgeon, Maastricht UMC+, Netherlands

Abstract Presentations:

Start	End	Abstract
-------	-----	----------

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
14:30	14:37	#161 Early postpartum assessment of pelvic floor muscle function and inter-recti distance: identifying new factors predicting postpartum anal incontinence? <i>Agata Krawczyk, Physiotherapist, Department of Basics of Physiotherapy, Medical University of Warsaw, Warsaw, Poland</i>
14:37	14:45	#162 Evaluating MR Neurography (MRN) of the Pudendal Nerve after Obstetric Anal Sphincter Injury (OASI); an exploratory study <i>Emily Carter, Urogynaecologist, Manchester NHS Foundation Trust, United Kingdom</i>
14:45	14:52	#163 Impact of Post-Traumatic Stress Disorder related to Sexual Violence on Constipation among women in the Democratic Republic of Congo: a multicenter cross-sectional study <i>Tara Reman, Physiotherapist, HESAV School of Health Sciences - Vaud, HES-SO University of Applied Sciences and Arts Western Switzerland, Lausanne, Switzerland</i>
14:52	15:00	#164 Functional and quality-of-life outcomes in patients with faecal incontinence implanted with a recharge-free sacral neuromodulation device <i>Keith Chapple, Colorectal Surgeon, Northern General Hospital, Sheffield, UK, United Kingdom</i>
15:00	15:07	#165 Barriers to Rectal Irrigation: A Patient-Centred Qualitative Study of Practical, Emotional and Social Challenges <i>Tanzeela Gala, Early Career Professional, Guy's and St Thomas' NHS Foundation Trust, United Kingdom</i>
15:07	15:15	#166 RANDOMIZED CONTROLLED TRIAL OF BIOANATONER FOR FECAL INCONTINENCE: A NOVEL DEDICATED DEVICE FOR BIOFEEDBACK THERAPY <i>Busra Inal, Physiotherapist, Department of Physiotherapy and Rehabilitation, Bolu Abant Izzet Baysal University, Turkiye; Division of Neurogastroenterology/Motility, Augusta University, USA, Turkey</i>
15:15	15:22	#167 Obstetric Anal Sphincter Injuries and Future Modes of Delivery <i>Sara Ahmed, Early Career Professional, King's College London, United Kingdom</i>
15:22	15:30	#168 Predictors of Explantation After Direct-Implant Sacral Neuromodulation for Faecal Incontinence. The Impact of Urinary Incontinence and Adverse Childhood Experiences: A Registry-Based Cohort Study (2017–2023) <i>Henriette Kroken, The Arctic University of Norway</i>

S17 URODYNAMICS

14:30 - 15:30, PARALLEL HALL 4, Podium Short Oral

Scientific Session Chairs:

Luis Miguel Abranches-Monteiro, Urologist, Hospital Egas Moniz, Portugal

Marcus John Drake, Urologist, Bristol Urological Institute, United Kingdom

Michel Wyndaele, Urologist, UMC Utrecht, Belgium

Abstract Presentations:

Start	End	Abstract
14:30	14:37	#145 Uroflowmetry derived from video urodynamic images automated using machine learning <i>Wouter van Dort, Early Career Professional, University Medical Center Utrecht, Netherlands</i>
14:37	14:45	#146 Urethral resistance relation in boys: Why boys are not just small men <i>Ruben de Wolf, University of Twente</i>
14:45	14:52	#147 Predicting Bladder Outflow Obstruction: A Simplified Score Based on Urethral Pressure Profilometry and Uroflowmetry <i>Camilo Andres Torres Sandoval, Urologist, Pontificia Universidad Javeriana, Bogota, Colombia</i>
14:52	15:00	#148 Long-Term Functional Outcomes After Bladder Outlet Obstruction Surgery in Patients Who Met EAU Guideline-based Indications for Preoperative Invasive Urodynamic Studies <i>Ersin Köseoglu, Urologist, Koç University School of Medicine, Department of Urology, Istanbul, Turkiye, Turkey</i>
15:00	15:07	#149 Association between detrusor overactivity parameters and the detrusor contraction index in men <i>Juan Pablo Valdevenito, Hospital Clínico Universidad de Chile. Santiago, Chile</i>
15:07	15:15	#150 Voiding pattern of female patients with detrusor overactivity analyzed by pressure flow study <i>Takashi Asakura, Saitama Medical University Hospital, Japan</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
15:15	15:22	#151 Factors influencing maximum urethral closure pressure in women: analysis of a large urodynamic cohort <i>Lucía Diéguez, Urologist, Fundación Puigvert, Barcelona, Spain</i>
15:22	15:30	#152 Correlation between Blaivas-Groutz and Solomon-Greenweel Nomograms in the diagnosis of female bladder outlet obstruction <i>Emanuele Rubilotta, Urologist, Department of Urology, A.O.U.I. Verona, Verona, Italy.</i>

COFFEE BREAK & EXHIBITION

15:30 - 16:00, Coffee Break

ICI15 ASSESSMENT AND CONSERVATIVE MANAGEMENT OF FAECAL INCONTINENCE

15:30 - 16:00, PARALLEL HALL 4, ICI Committee Report

Speaker: Donna Zimmaro Bliss, Nurse, University of Minnesota, United States

S106 OPEN DISCUSSION EPOSTERS

15:30 - 16:00, EXHIBITION HALL, Open Discussion

ePoster Station Chairs:

Ariana Leigh Smith, Female & Functional Urologist, University of Pennsylvania, United States

Craig Comiter, Urologist, Stanford University, United States

George R Kasyan, Urologist, Moscow Urology Center, Russian Federation

Javier Jerez Roig, Physiotherapist, University of Vic-Central University of Catalonia, Spain

Kadir Onem, Urologist, Medicalpark Hospital, Turkey

Marcio Augusto Averbeck, Urologist, Moinhos de Vento Hospital, Brazil

Mauro Van den Ende, Early Career Professional, University Hospital Ghent (Belgium)

LL12 LIVE LOUNGE 12

15:40 - 16:00, ICS LIVE LOUNGE, Live Lounge

SPT5 IUGA LECTURE - SELECTING BETWEEN MID-URETHRAL SLINGS AND BULKING AGENTS FOR THE TREATMENT OF SUI IN WOMEN; THE IUGA RECOMMENDATIONS

16:00 - 16:30, PLENARY HALL 1, Spotlight On

Speakers:

Anna Rosamilia, Urogynaecologist, Monash Medical Centre, Melbourne, Australia

Dudley Timothy Robinson, Urogynaecologist, Kings College Hospital, United Kingdom

ICI16 SURGERY FOR FAECAL INCONTINENCE

16:00 - 16:30, PARALLEL HALL 4, ICI Committee Report

Speaker: Liliana Bordeianou, Colorectal Surgeon, Mass General Research Institute, Harvard University, United States

W21 INTEGRATED TOTAL PELVIC FLOOR ULTRASOUND IN PELVIC FLOOR DYSFUNCTION

16:00 - 18:00, PARALLEL HALL 5, Workshop

Workshop Chair: Alison Hainsworth, Early Career Professional, Guys' and St Thomas' Hospital, United Kingdom

Workshop Speakers:

Giulio Santoro, Surgeon, I Department of Surgery - Regional Hospital - Treviso, Italy

Lucia Berry, Physiotherapist, Brunel University (London, UK), United Kingdom

Riffat Cheema, SUS malmö, Sweden

Tanzeela Gala, Early Career Professional, Guy's and St Thomas' NHS Foundation Trust, United Kingdom

Workshop Schedule:

Start	End	Topic
16:00	16:10	Introduction and how to perform TPFUS <i>Alison Hainsworth, Early Career Professional, Guys' and St Thomas' Hospital, United Kingdom</i>
16:10	16:25	The anterior compartment - normal and pathological anatomy on ultrasound <i>Riffat Cheema, SUS malmö, Sweden</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
16:25	16:45	The posterior compartment - normal and pathological anatomy on ultrasound - an integrated approach <i>Giulio A. Santoro, Surgeon, I Department of Surgery - Regional Hospital - Treviso, Italy</i>
16:45	16:50	The assessment of meshes and tapes <i>Riffat Cheema, SUS malmö, Sweden</i>
16:50	17:10	Functional aspects – assessment and therapy <i>Lucia Berry, Physiotherapist, Brunel University (London, UK), United Kingdom</i>
17:10	17:40	Ultrasound as a biofeedback tool
17:40	18:45	Interactive Case Interpretations <i>ALL</i>
18:45	19:00	Questions

RT6 PELVIC ORGAN PROLAPSE

16:30 - 17:30, PLENARY HALL 1, Round Table Discussion

Chairs:

Maarten Vink, Urogynaecologist, Meander Medisch Centrum, Netherlands

Tufan Tarcın, Urologist, Koç University, Turkey

Speakers:

Elisabetta Costantini, Urologist, University of Perugia, Italy

Jan-Paul Roovers, Urogynaecologist, AMC Amsterdam, Netherlands

Maurizio Serati, Urogynaecologist, University of Insubria, Varese, Italy

Wenche Klerkx, Urogynaecologist, St. Antonius Hospital, Nieuwegein, Netherlands

S20 E-HEALTH, GERIATRICS AND GERONTOLOGY

16:30 - 17:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

Kristine Marie Carlson Talley, Nurse, University of Minnesota, United States

Michael Rogier van Balken, Urologist, Rijnstate Hospital Arnhem, Netherlands

Abstract Presentations:

Start	End	Abstract
16:30	16:37	#169 Effect of a Semi-Supervised Telerehabilitation Exercise Program on Urinary Symptoms in Women with Gestational Diabetes Mellitus <i>Micussi Maria, Physical Medicine and Rehabilitation, UFRN, Brazil</i>
16:37	16:45	#170 Acceptability and effectiveness of a pelvic floor muscle training mobile app specifically designed to treat urinary incontinence in older women <i>Esra Uzelpasaci, Physiotherapist, University of Montreal, Turkey</i>
16:45	16:52	#171 MyBladderControl: A Digital Health Solution to Optimize Clean Intermittent Catheterization- Development and Early Clinical Validation. <i>Marilena Gubbiotti, Urogynaecologist, Santa Maria la Gruccia Hospital, Arezzo, Italy</i>
16:52	17:00	#172 Daily urinary incontinence, competing mortality, and cardiovascular healthspan loss in adults aged 65 years and older: a triangulated analysis of HRS and NHANES <i>Jiawei Wu, Department of Urology/Institute of Urology, West China Hospital</i>
17:00	17:07	#173 Co-creation of an educational resource on urinary incontinence for continuing care home residents and their care partners <i>Adrian Wagg, Geriatrician, University of Alberta, Canada</i>
17:07	17:15	#174 Perspectives and preferences of older adults and informal caregivers for an educational toolkit on urinary incontinence in nursing homes: a multi-country qualitative study <i>Javier Jerez-Roig, Physiotherapist, University of Vic-Central University of Catalonia, Spain</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
17:15	17:22	#175 User and Professional Preferences for Digital Bladder Health Interventions in Adults Aged 50 and over: A Qualitative Exploration <i>Javier Jerez-Roig, Physiotherapist, University of Vic-Central University of Catalonia, Spain</i>
17:22	17:30	#176 Comparative outcomes for minimally invasive therapies for idiopathic overactive bladder in older adults: a national study <i>Unwanaobong Nseyo, Weill Cornell Medicine, United States</i>

S21 PHARMACOLOGY

16:30 - 17:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Anthony John Kanai, Pharmacologist, University of Pittsburgh, United States

Martin Christian Michel, Pharmacologist, Johannes Gutenberg University, Germany

Abstract Presentations:

Start	End	Abstract
16:30	16:37	#177 The role of lysophosphatidic acid receptor 2 in development of radiation cystitis. <i>Irina Zabbarova, Medical Researcher, University of Pittsburgh, United States</i>
16:37	16:45	#178 Membrane Caveolae Regulate the Activation of the Transient Receptor Potential Vanilloid 4 (TRPV4) on Bladder Smooth Muscle <i>Vivian Cristofaro, Research Scientist, VA Boston Healthcare System, Brigham and Women's Hospital, Harvard Medical School Boston, USA, United States</i>
16:45	16:52	#179 Pharmacological Activation of Piezo1 Regulates Mechanosensitive ATP Release in Human Urothelial Cells and Improves Bladder Overactivity in a Rat Model of Bladder Outlet Obstruction <i>Shingo Kimura, Department of Urology, University of Pittsburgh School of Medicine</i>
16:52	17:00	#180 Serotonergic contraction of urethral mucosa is driven by extracellular calcium influx and Rho-kinase signaling <i>Eriq Burovski, Bond University</i>
17:00	17:07	#181 Mucosal-muscle differences in serotonergic regulation of urethral function <i>Eriq Burovski, Bond University</i>
17:07	17:15	#182 Acute ketamine alters mucosal spontaneous activity and cholinergic contractility in pig bladder strips <i>Roshini Suresh, University of the West of England</i>
17:15	17:22	#183 Reduced Nitric Oxide Production Underlies Salt-Induced Nocturnal Polyuria in Aging: A Potential Therapeutic Target <i>Takahiro Imanaka, Urologist, Department of Urology, The University of Osaka Graduate School of Medicine, Japan</i>
17:22	17:30	#184 Cerebral sympathetic activation promotes renal renin-angiotensin activity and salt-induced nocturnal polyuria: A novel renal denervation strategy <i>Go Tsujimura, Urologist, Department of Urology, The University of Osaka Graduate School of Medicine, Japan</i>

S22 PRODUCTS

16:30 - 17:30, PARALLEL HALL 4, Podium Short Oral

Scientific Session Chairs:

Maxime T.M. Kummeling, Urologist, LUMC, Netherlands

Melissa Northwood, Nurse, McMaster University, Canada

Abstract Presentations:

Start	End	Abstract
16:30	16:37	#185 Impact of digital continence assessment using TENA Identifi: A multi-site evaluation of 801 residents in the Netherlands <i>Matthijs Pouwels, Essity Netherlands B.V.</i>
16:37	16:45	#186 Economic Burden of Urinary Incontinence: Supply Utilization and Cost Drivers by Severity <i>Diane Newman, Nurse, Co-Director Penn Center for Continence and Pelvic Health, Division of Urology, University of Pennsylvania, 9 Penn Tower, 34th & Civic Center Blvd, Philadelphia, PA 19104, United States</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
16:45	16:52	#187 The Price of Incontinence: Out-of-Pocket Expenditure in Routine Clinical Practice and Its Association with Symptom Severity, Incontinence Type, and Socioeconomic Factors <i>Vasileios Sakalis, Urologist, Department of Urology, Hippokrateion Hospital of Thessaloniki, Greece</i>
16:52	17:00	#188 Clinical Efficacy and Response Trajectory of Low-Intensity Extracorporeal Shockwave Therapy (Li-ESWT) for Urinary Incontinence and Female Sexual Dysfunction: A Longitudinal Study <i>Vanessa Bitelman, Gynaecologist, ABGREF, Brazil</i>
17:00	17:07	#189 Evaluating the Rapid Uropathogen Identifier LodeStar Dx against Standard Culture and Dipstick for Pre-operative screening. <i>Clemence Musabyimana, Physician Assistant, royal Berkshire, United Kingdom</i>
17:07	17:15	#190 Pain over shame? A cross-sectional study of catheter-related symptoms and associated burden in long-term urinary catheter users <i>Liselot Ribbert, Research Scientist, Isala, Netherlands</i>
17:15	17:22	#191 Investigating the criteria for biofilm disruption of blocked urinary catheters <i>Kate Moore, Urogynaecologist, University of New South Wales, Australia</i>
17:22	17:30	#192 Role of urinary biomarkers and renal doppler ultrasound in evaluating early kidney injury after urological interventions for urolithiasis <i>Mohamed Badawy, Theodor Belharz research Institute</i>

ICI17 ASSESSMENT AND MANAGEMENT OF PELVIC ORGAN PROLAPSE (NON-SURGICAL INCLUDING PESSARIES, AND SURGICAL)

17:30 - 18:00, PARALLEL HALL 4, ICI Committee Report

Speaker: Rohna Kearney, Urogynaecologist, St Mary's Hospital, Central Manchester Foundation Trust, United Kingdom

ICS ENGINEERS FORUM

18:00 - 19:00, PARALLEL HALL 5, Committee Activity

Chair: Andrew R Gammie, Biomedical Engineer, Bristol Urological Institute, United Kingdom

ANNUAL DINNER

19:00 - 23:00, Social Event

Friday 9 October

SOA3 STATE OF THE ART LECTURE - THE BRAIN AND THE BLADDER: RELATIONSHIP BETWEEN THE PSYCHE AND THE BLADDER. CARSTEN LEUE & DESIREE VRIJENS

08:30 - 09:00, PLENARY HALL 1, State of the Art Lecture

Chair: Desiree Vrijens, Urologist, Maastricht University Medical Centre, Netherlands

Speaker: Carsten Leue, Psychiatrist, Maastricht UMC+, Netherlands

RT7 NEW INSIGHTS IN THE REHABILITATION FOLLOWING RADICAL PROSTATECTOMY

09:00 - 10:00, PLENARY HALL 1, Round Table Discussion

Chair: Paula Iguarada Martinez, Brunel University, Spain

Speakers:

James Ashton-Miller, Biomedical Engineer, University of Michigan, United States

Marie-Pierre Cyr, Physiotherapist, Université de Montréal, Canada

Paul Hodges, Physiotherapist, University of Queensland, Australia

Vincent Tse, Urologist, Concord Repatriation General Hospital, Australia

S23 OAB FROM LABORATORY TO CLINIC

09:00 - 10:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

Martijn Smits, Urologist, Maastricht University Medical Centre, Netherlands

Pradeep Tyagi, Pharmacologist, niversity of Pittsburgh Medical Center, United States

Yasuhiko Igawa, Urologist, Nagano Prefectural Shinshu Medical Center, Japan

Abstract Presentations:

Start	End	Abstract
09:00	09:07	#193 Can supraspinal functional connectivity during natural bladder filling in overactive bladder differentiate between full versus empty bladder states <i>Rose Khavari, Urologist, Houston Methodist Hospital, United States</i>
09:07	09:15	#194 Refining Brainstem-Cortical Connectivity During Natural Bladder Filling in Multiple Sclerosis Patients with Overactive Bladder <i>Rose Khavari, Urologist, Houston Methodist Hospital, United States</i>
09:15	09:22	#195 Akkermansia muciniphila Drives Viscero-Visceral Crosstalk via 5-HT3aR-Mediated Sensitization of Dichotomizing Gut-Bladder Neurons <i>Qi Sun, Urologist, Department of Urology, Nanfang Hospital, Southern Medical University, Guangzhou, China</i>
09:22	09:30	#196 Therapeutic and Preventive Effects of Acupuncture on Cyclophosphamide-Induced Overactive Bladder in Rats <i>Qiongqiong Liu, Urologist, Guang'anmen Hospital, China Academy of Chinese Medical Sciences, Beijing, China</i>
09:30	09:37	#197 Efficacy and safety of vibegron in the very elderly (aged ≥ 80 years) with overactive bladder: A prospective study (HOKUTO 2) <i>Hiroshi Shimura, Urologist, University of Yamanashi Graduate School of Medical Sciences, Japan</i>
09:37	09:45	#198 Retinal safety of mirabegron in patients with overactive bladder <i>Blayne Welk, Urologist, Western University, Canada</i>
09:45	09:52	#199 Nervous system disorders related to anticholinergics and $\beta 3$ -agonists use: findings from the European Union Drug Regulatory Authorities (EUDRA) registry <i>Daniele Bianchi, Urologist, Tor Vergata University, Rome, Italy</i>
09:52	10:00	#200 Parasacral transcutaneous electrical nerve stimulation versus sham and mirabegron for female overactive bladder: a single-blind randomized controlled trial with pelvic floor muscle training <i>Parvin Bastani, Urologist, Women's Reproductive Health Research Center, Department of Obstetrics and Gynecology, Tabriz University of Medical Sciences, Tabriz, Iran</i>
10:00	10:07	#201 Repetitive Transcranial Magnetic Stimulation for Idiopathic Overactive Bladder: A Pilot Trial <i>Kelly leong, Urologist, Houston Methodist Hospital, United States</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
10:07	10:15	#202 Next-gen neuromodulation leveraging EMG to refine stimulation paradigms <i>Kenneth Peters, Urologist, Corewell Health William Beaumont University Hospital, United States</i>
10:15	10:22	#203 To EMG or not to EMG, the neuromodulation dilemma <i>Kenneth Peters, Urologist, Corewell Health William Beaumont University Hospital, United States</i>
10:22	10:30	#204 PNE SUCCESS AFTER NEW LEAD INTRODUCTION: TEN YEARS OF DATA FROM A SINGLE INSTITUTION EXPERIENCE <i>Ahmed Albakr, Urologist, Cleveland Clinic Foundation, Cleveland, Ohio, USA, United States</i>

S24 FEMALE LUTS, SUI AND IMAGING 2

09:00 - 10:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Evert Koldewijn, Urologist, Catharina Hospital, Netherlands

Maurizio Serati, Urogynaecologist, University of Insubria, Varese, Italy

Said Yaiesh, Urologist, Jaber Al Ahmad Hospital, Kuwait City, Kuwait

Abstract Presentations:

Start	End	Abstract
09:00	09:07	#205 Long-term reintervention after primary surgical management of female stress urinary incontinence: A 20-year administrative database study <i>Laura Jane McLeod, Mount Sinai Hospital, Toronto, ON, Canada; Department of Obstetrics and Gynaecology, University of Toronto, Toronto, ON, Canada</i>
09:07	09:15	#206 The Economics of Treating Overactive Bladder - the Efficacy and Economy of Third Line Therapies <i>Rowan Klein Nulend, Early Career Professional, Westmead Hospital, Sydney, Australia</i>
09:15	09:22	#207 Lidocaine instillation versus no analgesia in patients undergoing outpatient intravesical OnabotulinumtoxinA-injections: the STILL study, a prospective multi-center study <i>Gabriële Adema, Early Career Professional, Zuyderland Medical Center, Netherlands</i>
09:22	09:30	#208 NEW NON-INVASIVE TRANSVAGINAL NEUROMODULATION: WIRELESS WEARABLE VAGINAL RING FOR OAB <i>Suzette Sutherland, Urologist, Arizona Urology Specialists, United States</i>
09:30	09:37	#209 Overactive bladder diagnosis and treatment after pelvic floor surgery: A national Medicare study <i>Nseyo Unwanaobong, Weill Cornell Medicine, United States</i>
09:37	09:45	#210 Determining the Minimal Clinically Important Difference for Peripheral Nerve Evaluation in Patients with Overactive Bladder: A Prospective Cohort Study <i>Jerom Klerk, Early Career Professional, Erasmus MC Rotterdam, Netherlands</i>
09:45	09:52	#211 The Pathophysiological Role of Arterial Stiffness in Underactive Bladder among Women: Insights from Blood Pressure Pulse Wave Testing <i>Aya Niimi, Urologist, Department of Urology, Faculty of Medicine, The University of Tokyo, Japan</i>
09:52	10:00	#212 Association between Bowel Symptoms and Lower Urinary Tract Symptoms by Menopausal Status: Analysis of a Prospective Cohort Study of U.S. Women <i>Kristine Talley, Nurse, University of Minnesota, United States</i>
10:00	10:07	#213 Associations of Plasma Proteins with Urinary Incontinence: Evidence from Mendelian Randomization Analyses <i>Zhilin Zhang, General Practitioner, School of Rehabilitation Science, Shanghai University of Traditional Chinese Medicine, Shanghai, 201203, China</i>
10:07	10:15	#214 The Impact of Next Generation Sequencing Directed Therapy on Women with Chronic Culture Negative UTI Symptoms: A Prospective Cohort Study <i>Mirzazadeh Majid, Atrium Health Wake Forest Baptist</i>
10:15	10:22	#215 The Bladder Is an Unreliable Narrator: Interpreting Urinary Symptoms Before and After Endometriosis Surgery <i>Amy Stretch, University of Cambridge School of Clinical Medicine, Cambridge, UK</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
10:22	10:30	#216 Midurethral sling become the standard-of-care for female stress urinary incontinence, a paradigm shift among 8 variables within bio-psycho-social domains <i>Ming-Ping Wu, Urogynaecologist, Division of Urogynecology, Chi Mei Medical Center, Tainan; 2. President, Formosa Urogynecology Association (FUGA)</i>

S25 EXPERIMENTAL THERAPEUTICS

09:00 - 10:30, PARALLEL HALL 4, Podium Short Oral

Scientific Session Chairs:

Irina V Zabbarova, Medical Researcher, University of Pittsburgh, United States

L.P.W. (Bart) Witte, Urologist, Isala Clinics, Netherlands

Abstract Presentations:

Start	End	Abstract
09:00	09:07	#217 Effects of Chronic Cernilton Administration on Prostatic Hyperplasia and Urinary Frequency in Spontaneously Hypertensive Rats <i>Rie Yoshimura, Urologist, Department of Pharmacology and Urology, Kochi Medical School, Kochi University, Nankoku, Japan</i>
09:07	09:15	#218 Assessing the impact of Phenazopyridine as an adjunct therapeutic in BCG-immunotherapy for NMIBC <i>Georgia Bourlotos, FHMRI Flinders University</i>
09:15	09:22	#219 Effects of the Nociceptin Receptor Agonist, Sunobinop (V117957), in Studies of Female Patients with 1) Interstitial Cystitis/Bladder Pain Syndrome and 2) Overactive Bladder <i>Nelson Sessler, Knoa Pharma LLC</i>
09:22	09:30	#220 Role of brain cannabinoid receptors in regulation of the micturition reflex in rats <i>Jo Tamura, Division of Urology, Department of Surgery, Tottori University Faculty of Medicine</i>
09:30	09:37	#221 Targeting Inflammation with Inosine Mitigates Bladder Dysfunction and Disease Severity in Experimental Autoimmune Encephalomyelitis <i>Chaimae Bahou, Early Career Professional, Functional Urology Lab, Department for BioMedical Research (DBMR), University of Bern, Switzerland</i>
09:37	09:45	#222 Evaluating mirabegron as an adjunct therapy for BCG-induced LUTS <i>Meera Elmasri, FHMRI Flinders University</i>
09:45	09:52	#223 A novel FOXC1-regulated macrophage subset drives bladder remodeling through the IL1F9-IL1RL2 axis <i>Wei Wang, Urologist, Department of Urology, Institute of Urology (Laboratory of Reconstructive Urology), West China Hospital, Sichuan University, No. 37, Guoxue Alley, Chengdu, Sichuan Province, China.</i>
09:52	10:00	#224 Developmental Acquisition of Circadian Rhythmicity in Clock Gene Expression in the Bladder and Kidney <i>Akira Tachibana, Urologist, Nara Medical University, Japan</i>
10:00	10:07	#225 Effects of vascular endothelial growth factor against underactive bladder-like features in a male rat bladder cryoinjury model <i>Takahiro Shimizu, Department of Pharmacology, Kochi Medical School, Kochi University, Nankoku, Japan</i>
10:07	10:15	#226 In Silico Electrophysiology of TRPM4 Channels: Quantitative Modeling of Conductance-Driven Action Potential Modulation in Detrusor Smooth Muscle Overactivity <i>Chitaranjan Mahapatra, Research Scientist, Indian Institute of Technology Bombay, India</i>
10:15	10:22	#227 The TallyHo Mouse as a model to study prostate hyperplasia during type 2 diabetes <i>Lysanne Campeau, Urologist, Lady Davis Institute for Medical Research, Canada</i>
10:22	10:30	#228 Reversible changes in bladder urothelial permeability at low temperatures are mediated by TRPA1 <i>Hiroki Natsuya, Department of Pharmacology and Toxicology, Dokkyo Medical University School of Medicine, Tochigi, Japan; Department of Urology, Fukushima Medical University School of Medicine, Fukushima, Japan.</i>

W22 OPTIMISING PELVIC FLOOR OUTCOMES THROUGH MULTIDISCIPLINARY PRACTICE

09:00 - 10:30, PARALLEL HALL 5, Workshop

Workshop Chair: Shannon Leigh Wallace, Urogynaecologist, Cleveland Clinic Hospital, United States

Workshop Speakers:

Alison Hainsworth, Early Career Professional, Guys' and St Thomas' Hospital, United Kingdom

Arun Sahai, Urologist, Guy's Hospital, United Kingdom

Emily Hoile, Physiotherapist, Torbay and South Devon NHS Foundation Trust, United Kingdom

Workshop Schedule:

Start	End	Topic
09:00	09:05	Introduction to the workshop <i>Shannon Leigh Wallace, Urogynaecologist, Cleveland Clinic Hospital, United States</i>
09:05	09:15	Importance of involvement of different specialties to treat a variety of pelvic floor symptoms <i>Alison Hainsworth, Early Career Professional, Guys' and St Thomas' Hospital, United Kingdom</i>
09:15	09:25	Patients' pathway in a pelvic floor unit from referrals until treatment <i>Shannon Leigh Wallace, Urogynaecologist, Cleveland Clinic Hospital, United States</i>
09:25	09:35	Physiotherapists, nurses and clinical scientists: pillars in clinical management of pelvic floor conditions <i>Emily Anne Hoile, Physiotherapist, Torbay and South Devon NHS Foundation Trust, United Kingdom</i>
09:35	09:45	The key role of multidisciplinary meeting <i>Alison Hainsworth, Early Career Professional, Guys' and St Thomas' Hospital, United Kingdom</i>
09:45	09:55	The importance of multidisciplinary pelvic floor clinic <i>Arun Sahai, Urologist, Guy's Hospital, United Kingdom</i>
09:55	10:05	Combined surgical procedures to correct multicompartiment prolapse <i>Shannon Leigh Wallace, Urogynaecologist, Cleveland Clinic Hospital, United States</i>
10:05	10:25	Case discussion – How do we do it? <i>ALL</i>
10:25	10:30	Questions <i>ALL</i>

SPT6 ALAPP LECTURES – URODYNAMICS, LUTS AND BPS/IC

10:00 - 10:30, PLENARY HALL 1, Spotlight On

Chair: Christian Hector Cobreros, Urologist, SANATORIO FINOCHHIETTO, Argentina

Speaker: Nucelio L B M Lemos, Gynaecologist, University of Toronto - Women's College Hospital, Canada

COFFEE BREAK, EXHIBITION & PRODUCT THEATRE

10:30 - 11:00, Coffee Break

S107 OPEN DISCUSSION EPOSTERS

10:30 - 11:00, EXHIBITION HALL, Open Discussion

ePoster Station Chairs:

Alex Digesu, Urogynaecologist, Department of Urogynaecology, St. Mary's Hospital, Imperial College London, United Kingdom

Esra UZELPASACI, Physiotherapist, University of Montreal, Turkey

George Bou Kheir, Urologist, UZ Gent, Belgium

George R Kasyan, Urologist, Moscow Urology Center, Russian Federation

Jackie Stoutjesdijk, Obstetrician & Gynaecologist, Canisius-Wilhelmina Hospital, Netherlands

Kadir Onem, Urologist, Medicalpark Hospital, Turkey

Michel Wyndaele, Urologist, UMC Utrecht, Belgium

LL13 LIVE LOUNGE 13

10:40 - 11:00, ICS LIVE LOUNGE, Live Lounge

RT8 CHRONIC PELVIC PAIN

11:00 - 12:00, PLENARY HALL 1, Round Table Discussion

Chairs:

Elise Jaques Billings De, Urologist, Albany Medical Center, United States

Francisco Cruz Miranda Rodrigues, Urologist, Universidade do Porto, Portugal

Speakers:

Ana Charrua, Research Scientist, Faculty of Medicine University of Porto, Portugal

Bary Berghmans, Epidemiologist, Pelvic care Center Maastricht University Hospital Maastricht, Netherlands

Katy Vincent, Obstetrician & Gynaecologist, University of Oxford, United Kingdom

Laetitia de Kort, Urologist, University Medical Center Utrecht, The Netherlands

S26 MALE LUTS PROSTATE AND MORE

11:00 - 12:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

Frank Martens, Urologist, RadboudUMC Nijmegen, Netherlands

Vincent Tse, Urologist, Concord Repatriation General Hospital, Australia

Abstract Presentations:

Start	End	Abstract
11:00	11:07	#229 Can we treat patients with prior radiotherapy and severe urinary incontinence post prostatectomy with Advance XP male sling? A comparative study with an one year follow up. <i>Bruno Rodrigues Lebani, Urologist, Universidade Federal de São Paulo, Brazil</i>
11:07	11:15	#230 Metabolic Syndrome Is Associated with Higher IPSS Scores and Severe LUTS: A Systematic Review and Meta-Analysis of 80 Studies <i>Sakineh Hajebrahim, Urologist, Tabriz University of Medical Sciences, Iran</i>
11:15	11:22	#231 Workplace to Wellness: Impact of Corporate-Based Urinary Incontinence Awareness Programs on Early Detection and Care-Seeking Behavior <i>Ojas Potdar, Urologist, Thunga STH Andheri, India</i>
11:22	11:30	#232 Male Lower Urinary Tract Symptoms and Coronary atherosclerosis Burden: A Cross-Sectional Analysis of Chronic Bladder Ischemia Hypothesis <i>Thanawat Kanjanawongvanich, Urologist, Faculty of Medicine Siriraj Hospital, Mahidol University, Thailand</i>
11:30	11:37	#233 Percutaneous Tibial Nerve Stimulation for Overactive Bladder Syndrome with Benign Prostatic Enlargement: A Promising Add-on Therapy when Pharmacotherapy is Limited <i>Chun Han Liao, Urologist, Department of Urology, China Medical University Hospital, Taichung</i>
11:37	11:45	#234 Non-Neurogenic Underactive Bladder in Routine Care: Disease Burden, Care Pathways, and Treatment Patterns from a Large Linked Claims and EHR Study <i>Howard B Goldman, Urologist, The Cleveland Clinic, United States</i>
11:45	11:52	#235 Diagnostic Migration After Videourodynamic Study in Young Males with Lower Urinary Tract Symptoms: Where Does Clinical Suspicion Go Wrong? <i>ANKUR MITTAL, Female & Functional Urologist, All India Institute of Medical Sciences, Rishikesh</i>
11:52	12:00	#236 Functional outcomes of primary paclitaxel-coated balloon for bladder neck sclerosis after AEEP and RARP: a single-center case series with 12 months follow up <i>Antonio Creti, Urologist, Minimally Invasive and Robotic Urology Unit, Tor Vergata University Hospital, Rome, Italy</i>
12:00	12:07	#237 Optimization of Sacral Neuromodulation Therapy: Clinical Outcomes and Patient Suitability Exploration of Variable Frequency Mode: A prospective multi-center study <i>Lingfeng Meng, Urologist, Beijing Hospital, China</i>
12:07	12:15	#238 Mini-invasive treatment with Vapor Therapy (Rezum) for benign prostatic hyperplasia: impact of early catheter removal on storage urinary symptoms and bother symptoms <i>Emanuele Rubilotta, Urologist, Department of Urology, A.O.U.I. Verona, Verona, Italy.</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
12:15	12:22	#239 Rezum Versus Holmium Laser Enucleation in Large-Volume BPH : A Prospective Randomized Trial Assessing Functional and Ejaculatory Outcomes. <i>Hany Fathy Badawy, UroAndrologist, Faculty of medicine BeniSuef University, Egypt.</i>
12:22	12:30	#240 Increased Healthcare Utilization Following BPH Procedures in Patients Using SGLT2- Inhibitors <i>Bradley Gill, Urologist, Cleveland Clinic, United States</i>

S27 QUALITY OF LIFE

11:00 - 12:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Helena C Frawley, Physiotherapist, The University of Melbourne, Australia

Jamie Drossaerts, Urologist, VieCuri Medical Center, Venlo, Netherlands

Abstract Presentations:

Start	End	Abstract
11:00	11:07	#241 Assessing catheter-related quality of life in Dutch long-term catheter users: translation and cross-cultural validation of the ICIQ-LTCqol <i>Liselot Ribbert, Research Scientist, Isala, Netherlands</i>
11:07	11:15	#242 Exploring Experiences of Women Undergoing Pelvic Floor Rehabilitation: A Qualitative Thematic Analysis <i>Kirti Joshi, Physiotherapist, M S Ramaiah College of Physiotherapy, MSRUAS, India</i>
11:15	11:22	#243 Patient-Reported Outcomes Following Behavioral Interventions Versus Pelvic Floor Muscle Training as Adjuncts to Pharmacotherapy for Urgency Urinary Incontinence: A Secondary Analysis of a Randomized Pragmatic Trial <i>Emilio J Davila Alvarez, Gynaecologist, Hospital Militar Escuela Dr. Alejandro Davila Bolaños Managua, Nicaragua</i>
11:22	11:30	#244 Clinical correlation of patient-reported Quality of Life and objective parameters in patients with LUTS: A Multi-Diagnostic Analysis <i>Michael Samarinas, Urologist, 2nd Urology Dpt, Aristotle University of Thessaloniki, Greece</i>
11:30	11:37	#245 “Nobody Believed Me”: A Thematic Analysis of Patient Discourse on Pelvic Mesh Complications Across Online Forums, News Comment Sections, and Patient Advocacy Groups (2020–2026) <i>Sophie Renwick, Gynaecologist, North Bristol NHS Trust, United Kingdom</i>
11:37	11:45	#246 Learning about Incontinence aSsociaTed with fEmale genital mutilationN: the LISTEN study <i>Nikki Cotterill, Nurse, UWE/Bristol Urological Institute, United Kingdom</i>
11:45	11:52	#247 Development and evaluation of the DemCon website to support continence care for people living with dementia at home <i>Cathy Murphy, Nurse, University of Southampton, United Kingdom</i>
11:52	12:00	#248 “Real World Irrigation”: How Patients Share Rectal Irrigation Experiences on TikTok <i>Tanzeela Gala, Early Career Professional, Guy's and St Thomas' NHS Foundation Trust, United Kingdom</i>
12:00	12:07	#249 Impact of electrostimulation therapy on quality of life in patients with defecatory disorders in a high-volume colorectal unit in Mexico: a prospective study <i>Andres Herrera Pineda, Early Career Professional, Department of Colorectal Surgery and Anorectal Physiology and Pelvic Floor Disorders, Hospital General de Mexico, Mexico City</i>
12:07	12:15	#250 Rectal Sensory Alterations in Patients with Diabetes Mellitus of More Than 10 Years Duration <i>Andrés Herrera Pineda, Early Career Professional, Department of Colorectal Surgery and Anorectal Physiology and Pelvic Floor Disorders, Hospital General de Mexico, Mexico City</i>
12:15	12:22	#251 Do Women Know Where Their Urethra Is? A Cross-Sectional Study Revealing a Critical Knowledge Gap <i>Melissa Atallah, Early Career Professional, Rambam Health Care Campus, Israel</i>
12:22	12:30	#252 Adolescent urinary incontinence: A qualitative secondary analysis of psychosocial determinants and lived experiences <i>Anka Nieuwhof-Leppink, Urotherapist, University Medical Center Utrecht/ Wilhelmina Children's Hospital/ Medical Psychology and Urology, Netherlands</i>

S28 SURGICAL VIDEOS 3 - MALE INCONTINENCE AND ALL GENDER URETHRAL RECONSTRUCTION

11:00 - 12:30, PARALLEL HALL 4, Podium Video

Scientific Session Chairs:

Benoit Peyronnet, Urologist, Rennes University Department of Urology, Rennes, France

Frankie Bates, Nurse, St Joseph's Hospital Saint John NB, Canada

Abstract Presentations:

Start	End	Abstract
11:00	11:07	#253 A Novel Option for Transurethral Resectoscope Procedures in Patients with an Artificial Urinary Sphincter <i>Connie Wang, Urologist, Medical University of South Carolina, United States</i>
11:07	11:15	#254 Robotic Bladder Neck Reconstruction in Refractory Contracture Double Face Technique with Y-V Plasty and Bladder Diverticulectomy Mucosal Graft <i>Ömer Gülpinar, Urologist, Ankara University, Turkey</i>
11:15	11:22	#255 Robotic-Assisted Bladder Neck Reconstruction Using double onlay Buccal Mucosal Grafting for bladder neck reconstruction post RP and Radiotherapy <i>Mai Banakhar, Neurourologist, King Abdulaziz University, Saudi Arabia</i>
11:22	11:30	#256 Robotic Transvesical Radical Prostatectomy Total Sparing Technique – A Case Series and Technical Description with Functional Preservation of Urinary Continence <i>Silvio Maia de Almeida, Londrina State University, Brazil</i>
11:30	11:37	#257 Double Corpora Cavernosa Flap With Abdominal Aponeurosis Interposition for Artificial Urinary Sphincter Implantation in Fragile Urethras: A Novel Technique <i>Bruno Rodrigues Lebani, Urologist, Universidade Federal de São Paulo, Brazil</i>
11:37	11:45	#258 Explantation of the atoms device followed by simultaneous implantation of a penile prosthesis and an artificial urinary sphincter via penoscrotal approach <i>Fátima Castroviejo Royo, HCU Valladolid</i>
11:45	11:52	#259 CONTINENCE-PRESERVING VENTRAL URETHROPLASTY FOR POST-PROSTATECTOMY PROXIMAL BULBAR STRICTURE <i>ZAFER AYBEK, Urologist, Pamukkale University Hospital, Turkey</i>
11:52	12:00	#260 SINGLE STAGE-DORSOLATERAL BUCCAL MUCOSA GRAFT URETHROPLASTY (KULKARNI TECHNIQUE) FOR LONG-SEGMENT AND PAN-URETHRAL STRICTURES AFTER HOLEP SURGERY <i>ZAFER AYBEK, Urologist, Pamukkale University Hospital, Turkey</i>
12:00	12:07	#261 ANASTOMOTIC URETHROPLASTY IN COMPLETE PROXIMAL BULBAR URETHRAL STRICTURE <i>ZAFER AYBEK, Urologist, Pamukkale University Hospital, Turkey</i>
12:07	12:15	#262 Surgical Management of Female Urethral Stricture with Posterior Vaginal Epithelium Graft Interposition <i>Parker-Autry Candace, Urogynaecologist, Atrium Health Wake Forest Baptist, United States</i>
12:15	12:22	#263 VENTRAL URETHROPLASTY "AZ" TECHNIQUE IN FEMALE URETHRAL STRICTURE <i>ZAFER AYBEK, Urologist, Pamukkale University Hospital, Turkey</i>
12:22	12:30	#264 Suprameatal transvaginal approach to excision of urethral mesh erosion with urethroplasty <i>Jersey Burns, Urogynaecologist, Cleveland Clinic Foundation, Cleveland, OH, United States</i>

W23 MAJOR PELVIC SURGERY AND PELVIC RADIATION: UROLOGICAL AND COLORECTAL OUTCOMES, EFFECTS ON LOWER URINARY TRACT, BOWEL FUNCTION AND SEXUAL FUNCTION

11:00 - 12:30, PARALLEL HALL 5, Workshop

Workshop Chair: Alexis M P Schizas, Colorectal Surgeon, Guy's and St Thomas' Hospitals NHS Foundation Trust, United Kingdom

Workshop Speakers:

Arun Sahai, Urologist, Guy's Hospital, United Kingdom

Paula Igualada Martinez, Brunel University, Spain

Roger Roman Dmochowski, Urologist, Vanderbilt University School of Medicine, United States

ICS 2026 Maastricht Scientific Programme

Workshop Schedule:

Start	End	Topic
11:00	11:05	Introduction <i>Alexis M P Schizas, Colorectal Surgeon, Guy's and St Thomas' Hospitals NHS Foundation Trust, United Kingdom</i>
11:05	11:20	Overview of major pelvic surgery and radiation: Anatomy & mechanisms of injury to LUT and bowel <i>Alexis M P Schizas, Colorectal Surgeon, Guy's and St Thomas' Hospitals NHS Foundation Trust, United Kingdom</i>
11:20	11:35	Urinary tract reconstruction in irradiated fields and urological outcomes following total pelvic exenteration <i>Arun Sahai, Urologist, Guy's Hospital, United Kingdom</i>
11:35	11:50	Major pelvic surgery and radiation: Assessment and management of the LUT <i>Roger Roman Dmochowski, Urologist, Vanderbilt University School of Medicine, United States</i>
11:50	12:05	Major pelvic surgery and radiation: Assessment and management of sexual function <i>Arun Sahai, Urologist, Guy's Hospital, United Kingdom</i>
12:05	12:20	Optimising Recovery After Major Pelvic Surgery and Radiation Therapy <i>Paula Igualada Martinez, Brunel University, Spain</i>
12:20	12:30	Questions

SPT7 PACS LECTURE: SACRAL NEUROMODULATION VS IMPLANTABLE PTNS IN VOIDING DYSFUNCTION ! WHERE DO WE STAND? SACRAL SIDE, IMPLANTABLE PTNS SIDE

12:00 - 12:30, PLENARY HALL 1, Spotlight On

Speaker: Sherif Mourad, Urologist, Ain Shams University, Cairo, Egypt

LUNCH BREAK, EXHIBITION & INDUSTRY LUNCH SYMPOSIA

12:30 - 14:00, Lunch

ICS AGM ENTRANCE SCANNING

12:30 - 13:00, PARALLEL HALL 3, Society Meeting

S108 OPEN DISCUSSION EPOSTERS

12:30 - 14:00, EXHIBITION HALL, Open Discussion

ePoster Station Chairs:

Alex Digesu, Urogynaecologist, Department of Urogynaecology, St. Mary's Hospital, Imperial College London, United Kingdom

Benedetto Giardulli, Physiotherapist, University of Genova, Italy

Christian Hector Cobreros, Urologist, SANATORIO FINOCHHIETTO, Argentina

Daniele Bianchi, Urologist, Tor Vergata University, Rome, Italy

Diane K Newman, Nurse, Co-Director Penn Center for Continence and Pelvic Health, Division of Urology, University of Pennsylvania, 9 Penn Tower, 34th & Civic Center Blvd, Philadelphia, PA 19104, United States

Kadir Onem, Urologist, Medicalpark Hospital, Turkey

Laura Pelizzari, Physical Medicine and Rehabilitation, AUSL Piacenza, Italy

Luis López-Fando Lavalle, Clinical Hospital San Carlos. Madrid, Spain

Maryrose Sullivan, Research Scientist, VA Boston Healthcare System, United States

Michael Dimitrios Samarinas, Urologist, 2nd Urology Dpt, Aristotle University of Thessaloniki, Greece

Pedro Blasco Hernández, Universitat Miguel Hernández, Spain

Said Yaiesh, Urologist, Jaber Al Ahmad Hospital, Kuwait City, Kuwait

Tariq Faisal Al-Shaiji, Urologist, Al-Amiri Hospital in Kuwait City, Kuwait

William Robert Gibson, Geriatrician, University of Alberta, Canada

ICS AGM 2026

13:00 - 14:00, PARALLEL HALL 3, Society Meeting

Chair: Tufan Tarcan, Urologist, Koç University, Turkey

Committee Members:

Adrian Stuart Wagg, Geriatrician, University of Alberta, Canada

Elisabetta Costantini, Urologist, University of Perugia, Italy

Enrico Finazzi Agrò, Urologist, University of Roma "Tor Vergata", Italy

Frankie Bates, Nurse, St Joseph's Hospital Saint John NB, Canada

Hidehiro Kakizaki, Urologist, Hokkaido Memorial Hospital of Urology, Japan

Howard B Goldman, Urologist, The Cleveland Clinic, United States

Lori A Birder, Neuroscientist, University of Pittsburgh, United States

Maurizio Serati, Urogynaecologist, University of Insubria, Varese, Italy

RT9 ROBOTIC URINARY TRACT AND PELVIC RECONSTRUCTIVE SURGERY

14:00 - 15:00, PLENARY HALL 1, Round Table Discussion

Chairs:

Luis López-Fando Lavalle, Clinical Hospital San Carlos. Madrid, Spain

Michel Wyndaele, Urologist, UMC Utrecht, Belgium

Speakers:

Arun Sahai, Urologist, Guy's Hospital, United Kingdom

Benoit Peyronnet, Urologist, Rennes University Department of Urology, Rennes, France

Bradley Gill, Urologist, Cleveland Clinic, United States

Ivilina Pandeva, Urogynaecologist, Cambridge University Hospital, United Kingdom

Lluís Perí, Urologist, Hospital Clínic de Barcelona, Spain

S29 NOCTURIA

14:00 - 15:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

François Hervé, Urologist, Ghent University Hospital, Belgium

Philip Edward Van Kerrebroeck, Urologist, University Maastricht, Belgium

Abstract Presentations:

Start	End	Abstract
14:00	14:07	#265 A novel sodium excretion shift index using two spot urine samples for the assessment of nocturnal polyuria <i>Norichika Ueda, Urologist, Department of Urology, Osaka University Graduate School of Medicine, Japan</i>
14:07	14:15	#266 Nocturia in Primary Sjögren's Syndrome: Prevalence and Associated Factors in a Chinese Retrospective Cohort <i>Yueying Chen, Clinical Researcher, Guang'anmen Hospital, China Academy of Chinese Medical Sciences, Beijing, China</i>
14:15	14:22	#267 Add-On Gosha-Jinki-Gan Restores Clinically Meaningful Sleep Continuity in Patients with Residual Nocturia After Desmopressin <i>Hirofumi Kurose, Department of Urology, Kurume University School of Medicine</i>
14:22	14:30	#268 Sex differences in cardiovascular and metabolic correlates of nocturnal polyuria: Insights from the EpiNP study <i>Laure Van de Steen, Early Career Professional, University hospital of Ghent, Belgium</i>
14:30	14:37	#269 Androgen Deprivation Therapy Is Associated with Improved Voiding Symptoms but Increased Nocturnal Polyuria in Patients with Prostate Cancer <i>Minnie Chen, Urologist, Department of Urology, Taipei Veterans General Hospital, Taipei</i>
14:37	14:45	#270 Efficacy of Exercise Therapy for Nocturnal Polyuria in Older Adults: A Prospective Study Using a Wearable Device <i>Kentaro Takezawa, Urologist, Department of Urology, The University of Osaka Graduate School of Medicine, Japan</i>
14:45	14:52	#271 OPERATE - Effects of Supervised Exercise Training and Hormone Therapy on Circadian Rhythms and Nocturia in Postmenopausal Women – Interim analysis <i>Mauro Van den Ende, Early Career Professional, University Hospital Ghent (Belgium)</i>
14:52	15:00	#272 Urodynamic Findings in Patients with Nocturia: A Large Cohort Analysis <i>Miriam Tadros, Obstetrician & Gynaecologist, St Mary's Hospital, Imperial College Healthcare NHS Trust, United Kingdom</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
15:00	15:07	#273 While you were sleeping: A detailed case study of overnight bladder activity <i>Becky Clarkson, Research Scientist, University of Pittsburgh, Pittsburgh, PA, USA, United States</i>
15:07	15:15	#274 The Causal Relationship Between Body Mass Index and Polyuria: A Mendelian Randomization Study <i>Wenjie Wu, Department of Urology and Andrology, The First Affiliated Hospital of Wenzhou Medical University, Wenzhou, 325000, China</i>
15:15	15:22	#275 The Effect of Melatonin in Reducing Nocturia in Men with Benign Prostatic Obstruction: A Randomized, Double-blind, Placebo-controlled, Crossover Trial - Preliminary Results <i>Natthawan Simajaruek, Phramongkutklao Hospital</i>
15:22	15:30	#276 Continuous Positive Airway Pressure can improve night-time urinary frequency in Parkinson's disease with sleep apnea. <i>Tomoyuki Uchiyama, Neurourologist, International University of Health and Welfare, Japan</i>

S30 BLADDER PAIN SYNDROME

14:00 - 15:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Laetitia de Kort, Urologist, University Medical Center Utrecht, The Netherlands

Mauro Cervigni, Urogynaecologist, Catholic University, Italy

Naside Mangir, Urologist, Marmara University School of Medicine, Istanbul, Turkey

Abstract Presentations:

Start	End	Abstract
14:00	14:07	#277 Differences in Functional Brain Regions in Patients with Interstitial Cystitis/Painful Bladder Syndrome: A Resting-State Functional Magnetic Resonance Imaging Study <i>Yaoguang Zhang, Urologist, Beijing Hospital, China</i>
14:07	14:15	#278 Causal evidence for the gut-immune-bladder axis in interstitial cystitis/bladder pain syndrome: a Mendelian randomization study <i>Shengqi Zheng, Early Career Professional, College of Clinical Medicine for Obstetrics & Gynecology and Pediatrics, Fujian Medical University, China</i>
14:15	14:22	#279 Changes of Urinary Biomarkers in Patients with Interstitial Cystitis after Different Intravesical Therapy – Platelet-rich plasma, Botulinum toxin, Hyaluronic acid, and Low energy shock wave <i>Tien-Lin Chang, Urologist, Department of Urology, Hualien Tzu Chi Hospital, Buddhist Tzu Chi Medical Foundation and Tzu Chi University, Hualien</i>
14:22	14:30	#280 Efficacy and Immunomodulatory Effect of Intravesical Platelet-Rich Plasma in Refractory Interstitial Cystitis/Bladder Pain Syndrome <i>Natalia Galkina, Urologist, Penza State University, Russian Federation</i>
14:30	14:37	#281 Therapeutic Effects of Repeated Intravesical Platelet-rich Plasma injections on Patients with Interstitial Cystitis – Which Bladder Subtype Benefit Most? <i>Tsung-Yi Lin, Department of Urology, Hualien Tzu Chi Hospital, Buddhist Tzu Chi Medical Foundation and Tzu Chi University, Hualien</i>
14:37	14:45	#282 Treatment-Specific Predictive Models of Response to Intravesical Botulinum Toxin A and Platelet-Rich Plasma in Non-Hunner Interstitial Cystitis/Bladder Pain Syndrome <i>Wan-Ru Yu, Nurse, Department of Nursing, Hualien Tzu Chi Hospital, Buddhist Tzu Chi Medical Foundation and Tzu Chi University, Hualien</i>
14:45	14:52	#283 Predictive Factors for a Successful Treatment Outcome of Botulinum Toxin A Injection on Interstitial Cystitis / Bladder Pain Syndrome <i>Wan-Ru Yu, Nurse, Department of Nursing, Hualien Tzu Chi Hospital, Buddhist Tzu Chi Medical Foundation and Tzu Chi University, Hualien</i>
14:52	15:00	#284 Botulinum Toxin Injection helps Physiotherapy-Refractory Pelvic Floor Tension Myalgia: Patient-Reported Outcomes in 53 Patients <i>Rosalie Zurlo, Urologist, Albany Medical College, United States</i>
15:00	15:07	#285 Physiotherapeutic Interventions for Bladder Pain Syndrome/Interstitial Cystitis: A Systematic Review <i>Hilal Yazici Ilhan, Physiotherapist, Department of Physiotherapy and Rehabilitation, Faculty of Health Sciences, Baskent University, Ankara, Turkey</i>
15:07	15:15	#286 Sacral neuromodulation test-phase success in bladder pain syndrome: systematic review and meta-analysis <i>Sagar Yadav, Urologist, AIIMS Bhopal, India</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
15:15	15:22	#287 Differences Between Cystoscopy Under Local and General Anesthesia in Evaluating Female Bladder Pain Syndrome/Interstitial Cystitis (BPS/IC) <i>ZHONGYUN ZHANG, Urologist, Department of Urology, Huadong Hospital, Fudan University, Shanghai, China</i>
15:22	15:30	#288 Durable effect after bladder ulcer laser coagulation in ketamine-induced uropathy <i>Xander van den Ham, Jeroen Bosch Hospital</i>

S31 APPLIED SCIENCES

14:00 - 15:30, PARALLEL HALL 4, Podium Short Oral

Scientific Session Chairs:

Coen Holzhauer, Urologist, UMCG, Netherlands

Pradeep Tyagi, Pharmacologist, niversity of Pittsburgh Medical Center, United States

Abstract Presentations:

Start	End	Abstract
14:00	14:07	#289 Mechanistic Study of Fructose-Induced Overactive Bladder in Rats via the AMPK-HCN1 Signaling Axis <i>Xu Cui, Paediatric Urologist, Department of Pediatric Urology, Fujian Children's hospital, China</i>
14:07	14:15	#290 Preliminary Mechanism Study of Fructose-Induced Overactive Bladder in Mice via the Liver-Bladder Axis <i>Xu Cui, Paediatric Urologist, Department of Pediatric Urology, Fujian Children's hospital, China</i>
14:15	14:22	#291 Bladder dysfunction in Parkinson's disease: insights from central and peripheral rat models <i>Azadi Arghavan, Early Career Professional, University of Gothenburg, Sweden</i>
14:22	14:30	#292 Functional Connectivity Changes induced by Repetitive Transcranial Magnetic Stimulation in Overactive Bladder: Pilot trial <i>Christof Karmonik, Research Scientist, Houston Methodist Research Institute, United States</i>
14:30	14:37	#293 Alterations of immune and DNA repair processes are reflected in the urinary proteomes of SCI patients following early Onabotulinumtoxin A (BoNTA) treatment <i>Katia Monastyrskaya, Research Scientist, Functional Urology DBMR University of Bern, Switzerland</i>
14:37	14:45	#294 A single-cell resolution insight into the bladder of SCI patients following early Onabotulinumtoxin A (BoNTA) treatment <i>Ali Hashemi Gheinani, Research Scientist, Department of Urology, Inselspital University Hospital, Bern, Switzerland</i>
14:45	14:52	#295 Comprehensive urinary extracellular vesicle microRNA analysis identifies diagnostic biomarkers in interstitial cystitis and bladder pain syndrome <i>Kubo Masataka, Urologist, Department of Urology, The Jikei University School of Medicine, Tokyo Japan</i>
14:52	15:00	#296 Static and Dynamic Imaging of BOO Induced Ureter Remodeling and Urine Peristalsis <i>Pradeep Tyagi, Pharmacologist, niversity of Pittsburgh Medical Center, United States</i>
15:00	15:07	#297 Radiofrequency as a Therapeutic Option for Mild Post-RARP Urinary Incontinence Refractory to Pelvic Floor Rehabilitation <i>Ilaria Ferrari, Sant'Anna Hospital - Como</i>
15:07	15:15	#298 Characterization of long-latency somatosensory evoked potentials following tibial and pudendal nerve stimulation <i>Nomah Mahnoor, Early Career Professional, Department of Neuro-Urology, Balgrist University Hospital, University of Zurich, Zurich, Switzerland, Spinal Cord Injury Center, Balgrist University Hospital, University of Zurich, Zurich, Switzerland</i>
15:15	15:22	#299 The role of neurokinin 3 receptors in micturition in a preclinical model of perimenopause <i>Aidan McKeon, Centre for Urology Research, Bond University, Queensland, Australia</i>
15:22	15:30	#300 Bladder Dysfunction Driven by Aging-related Muscle Decline: Functional Impairment and Shared Molecular Pathways <i>Naoki Wada, Urologist, Asahikawa Medical University, Japan</i>

W24 PROACTIVE MULTIDISCIPLINARY CARE OF INCONTINENCE DURING AGED- CARE HOSPITAL ADMISSION

14:00 - 15:30, PARALLEL HALL 5, Workshop

Workshop Chair: Wendy Bower, Physiotherapist, Melbourne Health, Australia

Workshop Speakers:

Liza Mei Yee Lau, Geriatrician, Austin Health and Eastern Health, Melbourne, Australia

Veerle Decalf, Nurse, Ghent University Hospital, Belgium

William Robert Gibson, Geriatrician, University of Alberta, Canada

Workshop Schedule:

Start	End	Topic
14:00	14:20	The older person during geriatric rehab admission – CGA data <i>Liza Mei Yee Lau, Geriatrician, Austin Health and Eastern Health, Melbourne, Australia</i>
14:20	14:35	Comorbidities associated with new incontinence during geriatric admission <i>William Robert Gibson, Geriatrician, University of Alberta, Canada</i>
14:35	14:50	Restorative multi-disciplinary continence care for pre-existing LUTS <i>Wendy F Bower, Physiotherapist, Melbourne Health, Australia</i>
14:50	15:15	Continence workflow models of care in different health systems (Belgium and Canada) <i>Veerle Decalf, Nurse, Ghent University Hospital, Belgium</i>
15:15	15:30	Questions

SPT8 IRCS LECTURE - PRESENTATIONS FROM THE IRANIAN CONTINENCE SOCIETY

15:00 - 15:30, PLENARY HALL 1, Spotlight On

Chair: Sakineh Hajebrahimi, Urologist, Tabriz University of Medical Sciences, Iran

COFFEE BREAK, EXHIBITION & PRODUCT THEATRE

15:30 - 16:00, Coffee Break

S109 OPEN DISCUSSION EPOSTERS

15:30 - 16:00, EXHIBITION HALL, Open Discussion

ePoster Station Chairs:

Alex Digesu, Urogynaecologist, Department of Urogynaecology, St. Mary's Hospital, Imperial College London, United Kingdom

Apostolos Apostolidis, Neurourologist, Aristotle University of Thessaloniki, Greece

Christopher Henry Fry, Physiologist, University of Bristol, United Kingdom

George R Kasyan, Urologist, Moscow Urology Center, Russian Federation

Mauro Van den Ende, Early Career Professional, University Hospital Ghent (Belgium)

Ruth Klara Kirschner-Hermanns, Urologist, Clinic of Urology-/Neuro-Urology (ret) University Clinic Bonn, Germany

Steven E Schraffordt Koops, Urogynaecologist, Department of Gynecology and Obstetrics, Meander Medical Centre, Amersfoort, The Netherlands

LL14 LIVE LOUNGE 14

15:40 - 16:00, ICS LIVE LOUNGE, Live Lounge

RT10 ADVANCED PRACTICE MODELS IN PHYSIOTHERAPY AND NURSING

16:00 - 17:00, PLENARY HALL 1, Round Table Discussion

Chairs:

Chantale L Dumoulin, Physiotherapist, University of Montreal, Canada

Inge Geraerts, Physiotherapist, KU Leuven, Belgium

Speakers:

Caitlin Abbey, Physiotherapist, Western Health Australia

Kristine Marie Carlson Talley, Nurse, University of Minnesota, United States

Lucia Berry, Physiotherapist, Brunel University (London, UK), United Kingdom

S32 URETHRA, MALE SEXUAL DYSFUNCTION AND TRANSGENDER

16:00 - 17:30, PARALLEL HALL 2, Podium Short Oral

Scientific Session Chairs:

Giulio Giuseppe Del Popolo, Urologist, University of Florence, Italy

Kathleen D'Hauwers, Urologist, UMCN St Radboud, Netherlands

Abstract Presentations:

Start	End	Abstract
16:00	16:07	#301 Dual regeneration: shock wave and PRP combination therapy for Peyronie's disease <i>Maya Epifanova, RUDN University</i>
16:07	16:15	#302 Genital Sensory Loss in Persistent Sexual Dysfunction Following SSRI Exposure <i>Jalesh Panicker, Uroneurologist, The National Hospital for Neurology and Neurosurgery and UCL Institute of Neurology, United Kingdom</i>
16:15	16:22	#303 THE USE OF ACELLULAR DERMAL MATRIX GRAFT FOR PENILE AUGMENTATION IN A RABBIT MODEL <i>Muhammed Batur, Gaziantep University Faculty of Medicine, Department of Urology, Gaziantep</i>
16:22	16:30	#304 Sexual function before and after gender-affirming bilateral orchidectomy <i>Cheng Tong Chuah, Early Career Professional, Department of General Surgery, Royal Victoria Hospital, Belfast, United Kingdom</i>
16:30	16:37	#305 Outcomes of Redo Dorsal Onlay Buccal Mucosal Graft Urethroplasty after Failed Ventral Urethroplasty in Women <i>Murat Can Karaburun, Urologist, Etlik City Hospital, Department of Urology, Turkey</i>
16:37	16:45	#306 Does Vascular Cavernosae on Urethral Meatus Participates in Female Urethral Closure Mechanism? <i>Pradeep Tyagi, Pharmacologist, University of Pittsburgh Medical Center, United States</i>
16:45	16:52	#307 Mid-Term Functional and QoL Outcomes After a Novel Endolaparoscopic Reconstruction of Complex Bladder Neck and Proximal Urethral Stenosis <i>Tim Brits, Urologist, Antwerp University Hospital, Belgium</i>
16:52	17:00	#308 Development and multicenter, retrospective validation step of the patient co-created Patient-Reported Outcome Measure (PROM) for urethral strictures: the Dutch Urethral Stricture Symptom and Impact Measure (DUSSIM) <i>I.D.M. Troyer, Department of Urology, Spaarne Gasthuis, Hoofddorp, the Netherlands</i>
17:00	17:07	#309 Long-Term Results of the 'AZ' Technique for Ventral Overlay Buccal Mucosal Graft Urethroplasty in Female Urethral Strictures <i>ZAFER AYBEK, Urologist, Pamukkale University Hospital, Turkey</i>
17:07	17:15	#310 Addressing vaginal estrogen preference as a patient-centered outcome to prevent recurrent UTI in post-menopausal women: a cross-over randomized controlled trial <i>Parker-Autry Candace, Urogynaecologist, Atrium Health Wake Forest Baptist, United States</i>
17:15	17:22	#311 Treatment of Post-Prostatectomy Erectile Dysfunction Using Autologous Platelet-Derived Growth Factor Plasma and Extracorporeal Shock Wave Therapy <i>Sergey Artemenko, Urologist, RUDN University, Russian Federation</i>
17:22	17:30	#312 Ejaculatory latency is not driven by resting autonomic tone: evidence from heart rate variability <i>GUILHERME PERTINNI DE MORAIS GOUVEIA, Physiotherapist, UNIVERSIDADE FEDERAL DO DELTA DO PARNÁ/BA, Brazil</i>

S33 POP, INCONTINENCE AND IMAGING 2

16:00 - 17:30, PARALLEL HALL 3, Podium Short Oral

Scientific Session Chairs:

Maarten Vink, Urogynaecologist, Meander Medisch Centrum, Netherlands

Wenche Klerkx, Urogynaecologist, St. Antonius Hospital, Nieuwegein, Netherlands

Abstract Presentations:

Start	End	Abstract
-------	-----	----------

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
16:00	16:07	#313 The development and internal validation of a prediction model for composite recurrence after pelvic organ prolapse surgery with native tissue repair <i>Imke Kessels, Urogynaecologist, Zuyderland Medical Centre Heerlen, Netherlands</i>
16:07	16:15	#314 Site-specific surgery with bilateral sacrospinal hysteropexy and pelvic organ prolapse correction with six-arm OPUR mesh: a multicenter prospective randomized study <i>Mikhail Enikeev, Institute for Urology and Reproductive Health, Sechenov University, Moscow, Russia</i>
16:15	16:22	#315 Comparison of Absorbable and Non-Absorbable Sutures for Sacrospinous Ligament Fixation in Women with Advanced Pelvic Organ Prolapse <i>Lok Wun Kelly Yim, Obstetrician & Gynaecologist, The Chinese University of Hong Kong</i>
16:22	16:30	#316 Risk factors for symptomatic pelvic organ prolapse with concomitant urinary incontinence one year after first childbirth: a nationwide register study <i>Maria Mirskaya, Nurse, Department of Health and Welfare, Halmstad University, Sweden</i>
16:30	16:37	#317 Incidence and treatment of pelvic organ prolapse after radical cystectomy: a systematic review <i>Michiel Schultink, Utrecht University</i>
16:37	16:45	#318 REDO SACROCOLPOPEXY FOR RECURRENT PELVIC ORGAN PROLAPSE: AN INTERNATIONAL COHORT STUDY <i>Michele Pierro, Gynaecologist, Dipartimento delle Scienze della salute della donna e del bambino, Policlinico universitario Agostino Gemelli, Università Cattolica del Sacro cuore, Roma, Italia, Italy</i>
16:45	16:52	#319 Uterine Abnormalities After Hysterectomy in Vaginal Prolapse Surgery: Prevalence and Clinical Significance <i>Véronique Valerie van Cooten, Other, Maastricht University, Netherlands</i>
16:52	17:00	#320 Non-surgical interventions for treating pelvic organ prolapse in women: results of a component network meta-analysis <i>Eugenie Evelynne Johnson, Health Services Researcher, University of Exeter, United Kingdom</i>
17:00	17:07	#321 Comparison of the efficacy and safety of titanium-coated polypropylene mesh with 4 or 6 fixation arms combined with native tissue apical suspension for the treatment of pelvic organ prolapse <i>Shuo Liang, Department of Obstetrics and Gynaecology, National Clinical Research Centre for Obstetric & Gynaecologic Diseases, State Key Laboratory of Common Mechanism Research of Major Diseases, Peking Union Medical College Hospital, Chinese Academy of Medical Sciences and Peking Union Medical College, 100730 Beijing, China.</i>
17:07	17:15	#322 Adverse childhood events are associated with co-occurring pelvic floor symptoms in men and women: a population-based cohort study <i>Dina Mahjoob, Clinical Researcher, University of Groningen, University Medical Center Groningen, Netherlands</i>
17:15	17:22	#323 Defining core competencies in pelvic floor ultrasound training for Obstetrics and Gynecology residents: a national Delphi study <i>Michele Pierro, Gynaecologist, Dipartimento delle Scienze della salute della donna e del bambino, Policlinico universitario Agostino Gemelli, Università Cattolica del Sacro cuore, Roma, Italia, Italy</i>
17:22	17:30	#324 Defining novel MRI-derived pelvic floor morphological biomarkers for machine learning-assisted diagnosis of urinary incontinence in women <i>Neda Azarmehr, Other, The University of Sheffield, UK, United Kingdom</i>

S34 BEST OF REHABILITATION

16:00 - 17:30, PARALLEL HALL 4, Podium Short Oral

Scientific Session Chairs:

Chantale L Dumoulin, Physiotherapist, University of Montreal, Canada

Heidi FA Moosdorff-Steinhaus, Physiotherapist, Maastricht University, Netherlands

Abstract Presentations:

Start	End	Abstract
16:00	16:07	#325 Telehealth exercise for continence after gynaecological cancer treatment (TELE- CONNECT): a co-designed pragmatic randomised controlled trial <i>Helena Frawley, Physiotherapist, The University of Melbourne, Australia</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Abstract
16:07	16:15	#326 Efficacy of high-intensity laser therapy for reducing pain during intercourse in women with provoked vestibulodynia: A multicenter randomized controlled trial <i>Melanie Morin, Physiotherapist, University of Sherbrooke, Canada</i>
16:15	16:22	#327 The Effect of Virtual Reality–Based Relaxation on Psychosocial Outcomes and Symptom Severity in Women with Overactive Bladder <i>Gabriela Kolodynska, Physiotherapist, Department of Physiotherapy, Wroclaw University of Health and Sport Sciences, Wroclaw, Poland</i>
16:22	16:30	#328 Radiofrequency Therapy for Postpartum Perineal Pain: A 6-Week Follow-Up Randomized Controlled Trial <i>Joanna Wojtas, Physiotherapist, Department of Gynecology, Obstetrics and Neonatology, Medical University of Gdansk, Gdansk, Poland</i>
16:30	16:37	#329 The effect of Pelvic Floor Muscle Training for Urinary Incontinence in Nepalese women –an assessor blinded randomized controlled trial <i>Bimika Khadgi, Physiotherapist, Physiotherapy programme, Kathmandu University School of Medical Sciences, Kathmandu University Dhulikhel Hospital, Kavre, Nepal</i>
16:37	16:45	#330 Effectiveness of a Novel Telerehabilitation Program for Women with Stress Urinary Incontinence: Preliminary Data from a Randomized Controlled Trial within the Greek setting <i>Evdokia Billis, University of Patras</i>
16:45	16:52	#331 Effectiveness of group-based pelvic floor muscle training for urinary incontinence in older women in public healthcare settings: a pre-post real-world clinical study <i>Gabrielle Carrier Noreau, Physiotherapist, Université de Montréal, Canada</i>
16:52	17:00	#332 Is ChatGPT or Gemini More “Smart”? A Comparative Analysis of Readability, Reliability and Quality About Pelvic Floor Muscle Exercises <i>Hümeýra Kiloatar, Physiotherapist, Kutahya Health Sciences University, Turkey</i>
17:00	17:07	#333 Frequency and Variety of Lower Urinary Tract Dysfunction in Relapsing-Remitting Multiple Sclerosis: An Examination of Functional Mobility <i>Aylin Aydogdu Delibay, Physiotherapist, University of Leeds, United Kingdom</i>
17:07	17:15	#334 Non-Invasive Rehabilitation for Pelvic Floor Disorders in Parkinson’s Disease: A Feasibility Study <i>Benedetto Giardulli, Physiotherapist, University of Genova, Italy</i>
17:15	17:22	#335 Beyond intra-abdominal pressure: What do pressure sensors actually measure during physical activity? <i>Sabine Vesting, Physiotherapist, Faculty of Health Sciences, School of Rehabilitation Sciences, University of Ottawa, Ottawa, Canada, Sweden</i>
17:22	17:30	#336 Digital Interventions for Pelvic Floor Training in Pregnancy and Postpartum: What Works and What Drives Adherence? <i>Sonia Cristovao, Department of Health and Rehabilitation, Unit of Physiotherapy, Institute of Neuroscience and Physiology, Sahlgrenska Academy, University of Gothenburg, Sweden; Närhälsan Gibraltar Rehabilitation, Gothenburg, Sweden</i>

W25 FREE: TRANSLATIONAL RESEARCH ETHICS: FROM BENCH TO BEDSIDE — NAVIGATING THE GREY ZONES

16:00 - 17:30, PARALLEL HALL 5, Workshop

Workshop Chair: William Robert Gibson, Geriatrician, University of Alberta, Canada

Workshop Speakers:

Diane K Newman, Nurse, Co-Director Penn Center for Continence and Pelvic Health, Division of Urology, University of Pennsylvania, 9 Penn Tower, 34th & Civic Center Blvd, Philadelphia, PA 19104, United States

Jean-Jacques Wyndaele, Urologist, University Antwerp, Belgium

Shannon Leigh Wallace, Urogynaecologist, Cleveland Clinic Hospital, United States

Workshop Schedule:

Start	End	Topic
16:00	16:30	1. Introduction & Framing the Issue <i>William Robert Gibson, Geriatrician, University of Alberta, Canada</i>

ICS 2026 Maastricht Scientific Programme

Start	End	Topic
16:30	17:00	2. Ethical Continuum: From Bench to Bedside <i>Jean-Jacques Joseph Marc Wyndaele, Urologist, University Antwerp, Belgium</i>
17:00	17:30	3. Case studies, Practical Tools & Takeaways <i>Shannon Leigh Wallace, Urogynaecologist, Cleveland Clinic Hospital, United States, Diane K Newman, Nurse, Co-Director Penn Center for Continence and Pelvic Health, Division of Urology, University of Pennsylvania, 9 Penn Tower, 34th & Civic Center Blvd, Philadelphia, PA 19104, United States</i>

SPT9 TREATING PAINTINGS AND PATIENTS

17:00 - 17:30, PLENARY HALL 1, Spotlight On

Chairs:

Francisco Cruz Miranda Rodrigues, Urologist, Universidade do Porto, Portugal

Tufan Tarcan, Urologist, Koç University, Turkey

Speakers:

Lydia Beerkens, Other, SRAL, Stichting Restauratie Atelier Limburg, Netherlands

Philip Edward Van Kerrebroeck, Urologist, University Maastricht, Belgium

CLOSING CEREMONY

17:30 - 18:00, PLENARY HALL 1, Closing Ceremony

Chairs:

Enrico Finazzi Agrò, Urologist, University of Roma "Tor Vergata", Italy

Francisco Cruz Miranda Rodrigues, Urologist, Universidade do Porto, Portugal

Gommert A van Koeveeringe, Urologist, Maastricht University Medical Center+, Netherlands

John PFA Heesakkers, Urologist, Maastricht University Medical Centre, Netherlands

Tufan Tarcan, Urologist, Koç University, Turkey

Prize Awards:

Agata Krawczyk, Physiotherapist, Department of Basics of Physiotherapy, Medical University of Warsaw, Warsaw, Poland

Ahmet Özgür Yeniel, Obstetrician & Gynaecologist, Soranus ARGE ve Danismanlik Hiz. San. Tic. A.S., Turkey

Alexander van Renterghem, Early Career Professional, Maastricht University Medical Center, Urology, Maastricht, The Netherlands

Andrea M. Sartori, Neuroscientist, Division of Nephrology, Department of Medicine, Beth Israel Deaconess Medical Center, Boston, MA 02215, USA / Harvard Medical School, Boston, MA 02215, USA, United States

Anne Verstegen, Neuroscientist, Division of Nephrology, Dept. of Medicine, Beth Israel Deaconess Medical Center/ Harvard Medical School, Boston, MA 02215, USA, United States

Cathy Murphy, Nurse, University of Southampton, United Kingdom

Evgeniy I Kreydin, Urologist, Rancho Los Amigos National Rehabilitation Center, United States

Helena C Frawley, Physiotherapist, The University of Melbourne, Australia

Irina V Zabbarova, Medical Researcher, University of Pittsburgh, United States

Janneke Van Uhm, Urologist, Leiden University Medical Center, Urology, Netherlands

Javier Jerez Roig, Physiotherapist, University of Vic-Central University of Catalonia, Spain

LUKE GRUNDY, Research Scientist, Flinders University, Australia

Maria Mirskaya, Nurse, Department of Health and Welfare, Halmstad University, Sweden

Maria Thereza Micussi, Physical Medicine and Rehabilitation, UFRN, Brazil

MARILENA GUBBIOTTI, Urogynaecologist, Santa Maria la Gruccia Hospital, Arezzo, Italy

Marina Petter Rodrigues, Physiotherapist, University of Ottawa, Brazil

Masahiro Tachibana, Urologist, Department of Urology, Faculty of Medicine, Fukuoka University, Fukuoka, Japan

Mauro Van den Ende, Early Career Professional, University Hospital Ghent (Belgium)

Melanie Morin, Physiotherapist, University of Sherbrooke, Canada

Melissa Northwood, Nurse, McMaster University, Canada

Murat Can Karaburun, Urologist, Etlik City Hospital, Department of Urology, Turkey

Natalia Hernandez-Bustos, Female & Functional Urologist, Doctors Hospital at Renaissance, United States

Norichika Ueda, Urologist, Department of Urology, Osaka University Graduate School of Medicine, Japan

Rie Yoshimura, Urologist, Department of Pharmacology and Urology, Kochi Medical School, Kochi University, Nankoku, Japan

Sabine Vesting, Physiotherapist, Faculty of Health Sciences, School of Rehabilitation Sciences, University of Ottawa, Ottawa, Canada, Sweden

Vinita Gottipati, Early Career Professional, Albany Medical Center, United States

Wouter Van Dort, Early Career Professional, University Medical Center Utrecht, Netherlands

Yubo Gao, Urologist, Department of Urology, Nanfang Hospital, Southern Medical University, Guangzhou, China
